Ms. Nellie Nido Purchasing Department University of Central Florida 12479 Research Parkway, Ste. 600 Orlando, FL 32826

Dear Ms. Nido:

We are pleased to present the enclosed response to your ITN #1418NCSA for Trademark Licensing Services. Our entire team of licensing professionals at The Collegiate Licensing Company (CLC) would be honored to renew our 23-year partnership with the University of Central Florida, which has generated nearly \$5 million dollars in gross royalties for the University.

Over the past two and a half decades, our partnership has delivered phenomenal expansion of marketplace presence; the addition of licensees and improved product availability for UCF licensed merchandise, and unwavering protection of the University's brand.

CLC has worked hard to increase the number of retail doors carrying UCF product, increase the number of companies licensed for UCF—which has caused the variety of products produced to improve—and maximize royalties generated for the University. We believe that there remains significant potential for further growth in the University of Central Florida's licensing program. We also believe CLC is UCF's best possible partner moving forward should the University want to aggressively pursue continued growth in these areas.

An innovative and strategic approach is needed for UCF to accomplish its future goals for revenue growth and marketplace expansion. As such, CLC has developed a comprehensive plan that further integrates the many facets of our service offerings to provide optimal solutions and tactics that best position the University for meeting the goals of its licensing program.

Our enclosed response briefly discusses this plan and the strategic advantages CLC offers the University to help connect passionate fans to the UCF brand while ensuring long-term increased brand value. We also discuss the unparalleled services, resources, staff, and innovative tools and marketing that UCF currently receives from CLC.

CLC is committed to our existing partnerships and believes the best path to growing our business is by expanding the brands that we currently represent rather than adding new institutions at a breakneck pace to generate new revenue. Our team has always been very disciplined in focusing on institutions that desire deep and long-standing partnerships. CLC seeks to partner with only leading collegiate brands like UCF, as well as the vast majority of top brands in the State of Florida, including Florida State, the University of Florida, Florida A&M, and the University of South Florida.

Our representation of a number of leading collegiate brands ensures that 1) we have the resources necessary to deliver the highest level of customer service and bandwidth available, and 2) that we can leverage our industry leadership to secure UCF's continued involvement in opportunities where it might not otherwise be included if it was not a CLC partner.

As you review this response, we hope you will conclude that CLC provides UCF with the best opportunity to firmly establish itself as a premier brand with the retail exposure, product sales, and revenue that only CLC can help deliver.

As a premier collegiate brand, UCF deserves to be represented by the premier collegiate licensing agency. We look forward to continuing our partnership and working together on a strategy for the long-term growth and success of the University of Central Florida brand.

We hope to hear from you soon regarding this proposal and would welcome the opportunity to further discuss an extension of our long-standing partnership.

Sincerely,

Brian White

CERTIFICATE OF NON-SEGREGATED FACILITIES

We, the Collegiate Licensing Company, certify to the University of Central Florida that we do not and will not maintain or provide for our employees any segregated facilities at any of our establishments, and that we do not and will not permit our employees to perform their services, under our control, where segregated facilities are maintained. We understand and agree that a breach of this certification is a violation of the Equal Opportunity clause required by Executive order 11246 of 24 September 1965.

As used in this certification, the term "segregated facilities" means any waiting rooms, work areas, rest rooms and wash room, restaurants and other eating areas, time clocks, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation and housing facilities provided for employees which are segregated by explicit directive or are in fact segregated on the basis of race, creed, color or national origin, because of habit, local custom or otherwise.

We, further, agree that (except where we have obtained identical certifications from offered subcontractors for specific time periods) we will obtain identical certifications from offered subcontractors prior to the award of subcontracts exceeding \$10,000 which are not exempt from the provisions of the Equal Opportunity Clause; that we will retain such certification in our files; and that we will forward the following notice to such offered subcontractors (except where the offered subcontractors have submitted certifications for specific time periods):

NOTE TO PROSPECTIVE SUBCONTRACTORS OR REQUIREMENTS FOR CERTIFICATIONS OF NON-SEGREGATED FACILITIES. A Certificate of Non-segregated Facilities, as required by the 9 May 1967 order on Elimination of Segregated Facilities, by the Secretary of Labor (32 Fed. Reg. 7439, 19 May 1967), must be submitted prior to the award of a sub-contract exceeding \$10,000 which is not exempt from the provisions of the Equal Opportunity clause. The certification may be submitted either for each sub-contractor for all subcontracts during a period (i.e. quarterly, semiannually, or annually).

The Contractor and subcontractors shall abide by the requirements of 41 CFR, Section 60-1.4(a), 60-300.5(a) and 60-741.5(a). These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities, and prohibit discrimination against all individuals based on their race, color, religion, sex, or national origin. Moreover, these regulations require that covered prime contractors and subcontractors take affirmative action to employ and advance in employment individuals without regard to race, color, religion, sex, national origin, protected veteran status or disability.

NOTE: Whoever knowingly and willfully makes any false, fictitious, or fraudulent representation may be liable to criminal prosecution under 18 U.S.C. 1001.

- (1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, or national origin. Such action shall include, but not be limited to the following: employment, upgrading demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. - (4) The contractor will comply with all provisions of Executive Order No. 11246 of September 24, 1965 and of the rules, regulations, and relevant orders of the Secretary of Labor.

- (6) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of such rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts in accordance with procedures authorized in Executive Order No. 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoiced as provided in Executive Order No. 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.
- (7) The contractor will include the provision of Paragraphs (1) through (7) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Section 204 of Executive Order No. 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase orders the contracting agency may direct as a means of enforcing such provisions including

sanctions for noncompliance. Provided, however, that in the event the contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the contracting agency, the contractor may request the United States to enter into such litigation to protect the interest of the United States.

SEC. 402 Affirmative Action for Disabled Veterans and Veterans of the Vietnam Era:

(1) The contractor agrees to comply with the affirmative action clause and regulation published by the US Department of Labor implementing Section 402 of the Vietnam Era Veteran's Readjustment Assistance Act of 1974, as amended, and Executive Order 11701, which are incorporated in this certificate by reference.

WE ARE UCF.

CONNECTING PASSIONATE FANS TO THE UCF BRAND (4.2)

"Organizations and their brands need to reach out and speak directly to consumers, to honor their values, and to form meaningful relationships with them. They must become architects of community. consistently demonstrating the values that their customer community expects in exchange for their loyalty and purchases."

Simon Mainwaringht, Global Brand Consultant The University of Central Florida is an iconic brand. Its vibrant culture and history, diverse base of fans and supporters, academic reputation, and tradition of athletic success puts UCF in a unique class of collegiate institutions whose brands appeal to consumers well beyond the campus community.

CLC and UCF have enjoyed a 23-year partnership that has yielded more than \$5 million in royalties. Over two decades, CLC and the University have worked handin-hand to expand its retail presence and to grow the reach of its brand.

As the collegiate licensing industry and retail markets have evolved, so has the need to transform the approach that UCF will take moving forward. In order to continue its trajectory of growth, the consumer needs to be placed at the epicenter of all licensing strategy.

We envision a paradigm shift in UCF's brand management efforts that will drive unprecedented revenue growth and brand extension opportunities by utilizing consumer profiles and retail data to carefully select partnerships with best-in-class licensees that bring elevated commitments, dedicated service, and unrivaled consumer engagement.

This innovative new road map for the UCF brand will result in a right-sized supply base that best aligns UCF products and distribution channels to maximize the value and status of the University's brand.

In addition, we plan to fuel consumer awareness and engagement with the UCF brand through dynamic and innovative consumer marketing efforts that integrate new technologies to target shoppers' interests. These technologies can be used to gain valuable insights into consumers while delivering unique marketing platforms for the University.

CLC is uniquely positioned to help guide the University into a new era of growth for the UCF brand, with best-in-class services and support from CLC's 90+ team of experts who service the University every day. As our company has evolved over the years, we have held true to our guiding principles of providing unrivaled service, industry-leading resources, and incomparable opportunities for brand development for our partners. Backed by more than 30 years of experience and the deepest relationships in the industry, CLC delivers new thinking and innovation, leading resources, and extensive expertise to UCF.

WE ARE COLLEGE (4.4.A-C)

We live and breathe college. While our competitors represent restaurant chains, high schools, and other brands that can compete against UCF for shelf space, CLC is the only agency that **focuses 100% on college brands**.

Founded in 1981 by Bill Battle through an effort to connect his alma mater, Alabama, to its fans and former coach, CLC was built on the passion and tradition only found in college sports. CLC has been the **leader in growing the collegiate licensing industry** to the \$4.6 billion in retail sales it represents today.

Over the past three decades, the collegiate licensing industry has changed dramatically in what motivates institutions and what drives sales. As the collegiate licensing industry has evolved, CLC has been at the **forefront of every phase of this evolution** and will continue to transform our systems and solutions to meet the ever-changing needs of our collegiate institutions in a dynamic and demanding market.

CLC has added new services and resources to remain on the **cutting edge**. We have also added new staff members who bring **extensive expertise** from professional leagues, licensees, retailers, and marketing agencies to provide a fresh perspective in an evolving college market, but our team remains 100% dedicated to growing the college segment of the retail market.

The college experience transcends stadiums, and the connections consumers have with college brands like UCF are unique. Each consumer has a different reason for supporting his/her school. The key to growth in the new era of collegiate licensing will be putting the **fans at the epicenter** of all licensing strategies ensuring that every consumer has an opportunity to express their passion through collegiate merchandise while ensuring enhanced, long-term brand value for the University.

CLC has a **positive history of growing its partner institutions**. During the beginning of the 2014-15 fiscal year, CLC partner institution royalty revenues were up 3.4% (without factoring in the elimination of video games) versus the same time period a year ago. Additionally, 89 partner institutions experienced an increase in royalty revenue compared to the same period last year, with 62 of those institutions posting growth of 10% or more.

During the past five years for UCF specifically, the University's gross royalties increased 75%, from \$293,381 dollars in 2010 to \$512,160 dollars in 2015.

WE ARE GUIDED BY:

INTEGRITY - protect, preserve, and maintain long-term brand value

TRADITION - since 1981, longeststanding licensing company with longterm partnerships

COMMUNITY - our clients, our consumers, our partners

SERVICE - dedication to providing more and far better services than can be achieved by any other means

INNOVATION - constant quest for continued improvement, new ideas, and the next big thing

WE ARE COMMUNITY (4.4.A&B)

Community is about **people**, and **relationships** have always been paramount to our business. CLC fosters a collaborative approach to partnerships, which are built on a solid foundation of mutual trust and transparency with all stakeholders.

Open communication and **teamwork** are the keys to success, and we carry that mantra right down to our own home. Our offices are designed for sharing and collaboration, with open workspaces and easy access to the entire team. There are no boundaries on idea sharing and no limits on creativity.

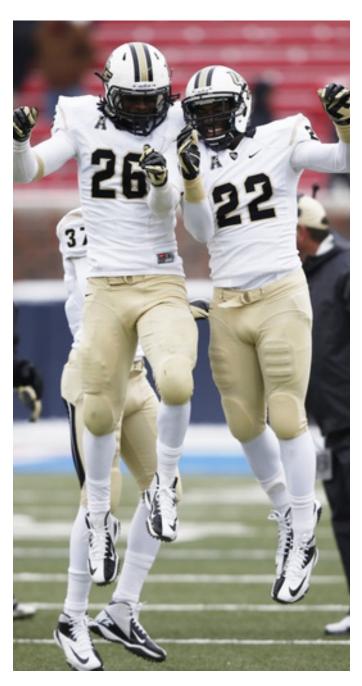

CLC will harness this **entrepreneurial spirit** to work hand-in-hand with UCF in developing new licensing strategies moving forward, fostering **collaboration** with key licensees and retailers to grow the UCF brand.

CLC's representation of other top college brands aligned in the marketplace will provide **unmatched leverage** to open retail doors and create new licensed product programs for UCF. Strength is important when competing for retail shelf space.

CLC will also work with UCF to develop **customized solutions** and programs to match the goals of the University. The future is not one-size-fits-all. CLC will help UCF create a model that meets the goals of its licensing program while utilizing innovative approaches to marketing and **fan engagement** to grow sales.

"You truly can't understand the impact CLC has on our program...Your staff did an amazing job explaining the new direction for the Gators, and we liked what we saw."

WE ARE CONNECTIONS (4.4.A&B)

CLC connects passionate fans to college brands. At the core, that is what we do. We provide a vital link between our partner institutions and their ability to reach their consumers through licensed merchandise and marketing. UCF benefits from CLC's unrivaled ability to make these connections.

- We connect partner institutions to industry-leading expertise, services, and tools in the areas of brand protection, brand management, and brand development to facilitate success for college brands.
- CLC connects collegiate institutions to knowledge through research/ data vital to identifying/understanding college consumers and sales trends. Knowledge is power - the power to make strategic brand management decisions based on relevant market data.
- CLC connects partner institutions with best-in-class licensees and retailers across all channels of distribution to maximize brand exposure and product sales to reach all consumers.
- CLC connects collegiate institutions to innovative solutions for increasing brand exposure and enhancing brand value to increase consumer demand and sales.
- CLC connects partner institutions to the global resources of WME/IMG, leveraging expertise and assets to maximize fan engagement and drive brand awareness. CLC's recent acquisition by William Morris Endeavor (WME) will enable UCF to benefit from our company's leadership and experience within the collegiate licensing industry, while leveraging WME's expertise, relationships, research capabilities and clout in the broader sports, entertainment, and licensing industries. UCF will have opportunities for increased exposure, awareness, and revenue through unique programming and event opportunities that only CLC can deliver to the University through WME.

As outlined in the following pages, these connections are critical to the future of the UCF licensing program.

Connecting to Unrivaled Service and Tools (4.4.D)

Our job is to make your job easier, and we are committed to investing in the best services, tools, and resources for our partners. Through CLC's industry-leading services in brand protection, brand management, and brand development, we work as a partner with UCF to ensure fans can show their spirit through merchandise developed by best-in-class licensees in every retail channel necessary to meet the needs of the University and its loyal consumers. The following outlines many of our unmatched capabilities and expertise that benefit UCF through a continued partnership with CLC.

BRAND MANAGEMENT

CLC provides an unbeatable combination of flexible systems, robust data, and product category expertise necessary to manage the administration of the UCF licensing program, helping to ensure quality control and brand standards while improving speed-to-market.

The MyiCLC system provides a complete licensing toolkit at the touch of a button, 24 hours a day, seven days a week, from a desktop or mobile device. This system aggregates license requests, renewals, new institution requests, policy updates, and art approval functions, while supplying more than 40 customized reports and a library of news and resources that enables UCF to focus on the strategy and execution of its program.

The MyiCLC system also serves as a digital archive for quick reference on past licensing decisions and artwork.

As the business hub connecting institutions, licensees, and the CLC staff, MyiCLC is designed to meet the following needs of a brand manager:

Data-Centric

Information is the key to strategic decision-making. CLC's systems allow analysis across multiple data points and historical trend measurement, which can be overlaid with consumer information to provide a solid foundation for licensing strategy.

Transparent

There are currently 190 reports available in CLC's systems, many of which are available at the touch of a button through MyiCLC. Those not currently in MyiCLC are available on demand from CLC at any time. In an effort to make the reporting process seamless and transparent, CLC is working to make all institution-specific reports available through MyiCLC. This is a top priority for CLC's IT department in the coming year.

BRAND INTEGRITY (4.4.F)

Digital artwork is distributed through CLC's **Logos On Demand** program, which gives licensees access to vector logo files, university information, and logo use restrictions/policies, as well as instant notification of logo changes and new marks. UCF also access the service to download logo sheets for its own internal use at no cost.

Licensees can also purchase (\$25/file) pre-approved embroidery files with recommended thread colors through the **Stitches on Demand** program, ensuring 100% accurate brand representation on merchandise, regardless of the manufac-

turer's capability.

In an effort to improve color accuracy in college merchandise, CLC also offers "color cards" that can be sent by licensees to global manufacturers to use for quality control. The cards provide detailed information on PMS colors and formulas to match PMS colors to other industry

guidelines such as fabric dyes, plastics, and threads.

These services combine to empower UCF to maximize sales while maintaining its brand integrity and graphic standards.

Mobile

Though MyiCLC has always been available in a web-based application, CLC launched a MyiCLC mobile app in 2013 which is compatible with all smart devices to help meet offerings. Thanks for all you do to help enhance the needs of ever-mobile licensing directors at our partner institutions.

Digital

Digital is not a new trend; it's a necessity. CLC's systems allow for digital signatures to improve speed-to-market and promote a paperless process.

Flexible

Our partners make all policy decisions for their licensing programs. Our systems are built for easily managing apparel, non-apparel, local, and internal campus supplier licensees with different strategies.

Collaborative

MyiCLC also allows for collaborative decision-making by providing access to others on campus that may need to review designs.

CLC is constantly investing in our systems to meet the needs of the end users - our partner institutions and licensees. With in-house IT support, we are able to continually map out the next innovations and upgrades to ensure constant improvement.

"The ability to sign agreements digitally is a phenomenal enhancement to CLC's system and be on the cutting edge of the licensing experience!"

Kyle Luttrell VP of Sales, Luttrell Investments dba Image One

Connecting to Data and Analysis

CLC provides UCF with the broadest array of analytical reports in the industry. Our comprehensive data on the collegiate segment of the market allows UCF to benchmark the University against peer institutions to uncover opportunities for growth and goal setting for the future, CLC's representation of seven American Athletic Conference institutions allows comparisons with other in-conference and revenue peer institutions.

Retail Reporting (4.4.E)

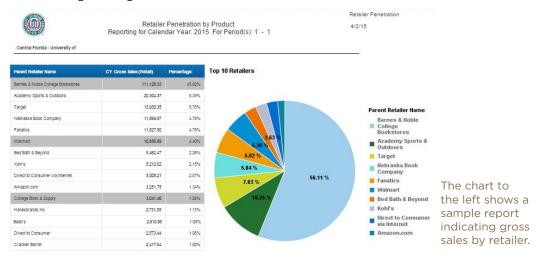

In addition to data analysis for benchmarking, CLC's exclusive, proprietary retail intelligence system has revolutionized how licensing strategies are developed by evaluating products and licensees across retailers and channels of distribution. This robust system currently:

- Tracks more than 68.000 retailers:
- Captures UCF and retailer-specific data on wholesale shipments, average unit price, units sold, and product categories as well as other variables currently in development, such as design type and SKUs;
- Examines the UCF licensee base at the retail level as a basis for developing brand growth strategies such as:
 - Selecting best-in-class licensees
 - Identifying under-served categories/channels and over saturated categories/channels
 - · Strengthening the licensee base and identifying promotional marketing opportunities

In a continued partnership with CLC, UCF would retain access to world-class systems and comparative market data that is unavailable elsewhere.

ANNUAL AND QUARTERLY REPORTS

In addition to the reports that are available daily to UCF, the University would continue to receive quarterly and annual reports specific to its licensing program. These reports include informative data such as royalty trend analysis, analysis of licensees, quarterly and year-to-date financial reports, product development, audit information, marketing trends, and progress toward goals and objectives. Reports are distributed electronically through MyiCLC to aid UCF in distributing information to others throughout campus. Included with each report is a quarterly Collegiate Overview that highlights issues or programs that could affect all CLC institutions as a whole or impact the collegiate segment of the retail market.

CORPORATE RESPONSIBILITY (CR) AND LABOR CODES (4.5.F&G)

CLC is committed to improving workplace conditions throughout the world and has been at the forefront of corporate responsibility/labor code issues since they became a focus for many collegiate institutions in the mid-1990s. Since then, many colleges and universities have sought assurances that products bearing their names are produced under fair and proper working conditions. CLC has been involved in labor code issues on behalf of its partners by assisting the institutions with implementing corporate responsibility standards, promoting consistent standards and procedures that benefit licensees, and participating in industry discussions and initiatives. In addition, CLC requires the disclosure of all factory site locations used in producing collegiate licensed merchandise and has developed an in-house system for tracking factory site information and other labor code management functions.

Working Relationships with Labor Monitoring Organizations

CLC works closely with the Fair Labor Association (FLA) to monitor the labor code standards adopted by institutions. Through the FLA, human rights groups, labor rights groups, religious groups, consumer groups, universities, and companies have worked together to create a workplace code of conduct that includes provisions on forced labor, child labor, harassment or abuse, nondiscrimination, health and safety, freedom of association and collective bargaining, wages and benefits, hours of work, and overtime compensation. They also have adopted a set of monitoring principles to determine whether companies are in compliance with FLA standards, and have created a procedure for investigating and responding to third party complaints of serious or persistent noncompliance with the code or the monitoring principles. CLC continues to work to promote consistent and uniform corporate responsibility/labor code standards and monitoring/verification systems, such as that provided by the FLA.

LICENSEES ENGAGING IN CR EDUCATION THROUGH CLC

In her role dedicated to corporate responsibility, Liz Kennedy has direct conversations to counsel more than 150 individual licensees per year. She also has the opportunity to provide CR insights to vendors that attend the Licensee Training Camp seminars hosted by CLC throughout the year. Below is a list of UCF licensees that have attended Licensee Training Camp in the past.

CORPORATE RESPONSIBILITY LEADERSHIP

Liz Kennedy VP, Corporate Responsibility

^{*} Denotes a top-20 UCF licensee

While the governance of the Workers' Rights Consortium (WRC) is limited to universities, non-profits, and the United Students Against Sweatshops (USAS), CLC maintains a working relationship with the WRC and communicates with the organization on a regular basis on issues that affect the industry from a corporate responsibility perspective.

Bruce Siegal, CLC's Senior Vice President and General Counsel, has served in a leadership position since colleges became involved with the FLA and has served on the University Caucus and the Staff Advisory Committee. In 2009, CLC also created the position of Vice President of Corporate Responsibility and hired Liz Kennedy, a 20-year licensing and corporate responsibility expert, to develop a strategy for the increasingly important issue of corporate responsibility in the manufacturing of college product and how to match that strategy with the philosophies and goals of our partner institutions. Additionally, other CLC staff members are involved on a daily basis, as the labor code is integrated into CLC's licensing and administrative systems.

CR Pilot Program

In 2009, CLC's staff launched a more comprehensive workplace code evaluation and assessment tool for those institutions interested in deeper management of workplace code issues. Through a survey tool conducted around two critical stages in the licensing cycle—in the new applicant phase and at the yearly renewal of existing licenses—CLC is able to provide valuable insight into a licensee's CR practices, which could be used as an integral component in future licensing decisions for UCF.

CLC has been a leader in corporate responsibility programs in the collegiate licensing industry. Our dedicated CR staff actively works with all labor associations and student groups engaged in current global issues.

COMMUNICATIONS AND EDUCATIONAL PROGRAMMING (4.6.A)

As the leader in the collegiate licensing industry, CLC provides value-added services in the areas of external communications and public relations to raise awareness of collegiate programs and trends. Our in-house communications team leverages the media, direct communication tools, and events to keep college merchandise top of mind with consumers, retailers, and the campus community. Additionally, CLC believes part of our mission is to help educate our partner institutions and licensees on best practices and connect them to resources and unique opportunities to maximize their licensing programs. CLC invests its own resources to provide these services to our partners at no additional cost.

Media Pitching - CLC's media staff develops and pitches stories highlighting licensing programs, marketing and promotional efforts, industry trends, and enforcement activity related to all CLC partners or specific schools and licensees. Media activity can be at a national level or tailored to the regional market and can be integrated with the campus media department or the sports information department. UCF has approval rights over all press releases and stories before they are released.

Partner Communication - All partner institutions receive CLC's "Quick Hits" e-news blast, which highlights relevant news from CLC and our partners. We also produce and distribute to our partners our weekly "News You Can Use," an aggregate of the most

important stories from the week in the licensing industry and college sports.

CLC Licensing Directors' Seminar - The cornerstone of CLC's educational programming is the annual three-day Licensing Directors' Seminar, which was established in 1986. It serves as an excellent forum for learning about collegiate licensing initiatives and best practices. Speakers and sponsors participate from many of the top licensees and retailers in the collegiate licensing industry. CLC is the only collegiate licensing agency to host educational programming for its clients, and there is no charge for UCF to attend.

Licensee Education - Last year, CLC reinstituted its licensee training initiative called Licensee Training Camp. This day and a half educational session, which takes place once a quarter, provides licensees with training on the CLC License Agreement, the MyiCLC system, and much more.

Webinars - CLC also hosts periodic webinars for schools and licensees on topics ranging from new system launches and procedural changes to new marketing programs and industry initiatives.

The 2015 CLC Licensing Directors' Seminar will take place this May at the JW Marriott Marquis Miami.

Laurie Cannon Manager,

CHAMPIONSHIP AND POSTSEASON LICENSING (4.6.B)

One of the greatest opportunities for a licensing program results from the on-field success of major athletic teams. The "hot market" for licensed product that results from postseason athletic tournaments and bowl games can serve as a catalyst for growth in licensing revenues. Revenues can increase as a result of two factors—reactive growth, which is the immediate spike in sales that occurs merely by having a licensing program in place, and proactive growth, which is the result of proper planning to position an institution to experience longer-term success beyond the first few weeks of excitement.

NCAA & BOWL PROPERTIES STAFF

Olin Arnold
Director, NCAA
and Bowl Properties

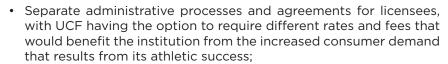

Kelsey Ledford Coordinator, NCAA and Bowl Properties

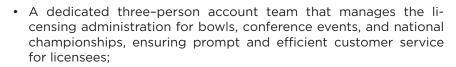

Natalie Rowe Coordinator, NCAA and Bowl Properties

CLC is the only agency that represents the NCAA and the College Football Playoff and has a history of managing national championship events and programs.

CLC has managed the licensing programs for 21 of the last 24 college football national champions, 27 of the last 31 champions in men's college basketball, and 19 of the last 20 women's college basketball champions. This track record of success has allowed CLC to develop a proven plan that includes turnkey administrative, legal, and marketing programs. The services provided by CLC in "hot market" situations include:

- An expanded enforcement network of staff to eliminate bootleg merchandise from the local retail market and in the areas near the venue of the postseason event (NCAA and conference tournaments, College Football Playoff and bowl games), as well as the local marketplace of participating institutions before and after the championship game;
- The development of detailed marketing plans to maximize all opportunities for each hot market;
- An aggressive auditing program with local licensees that experience dramatic sales increases during the "hot market" and may have a high likelihood of accounting errors or compliance problems; and
- An in-house creative services team to develop championship logos.

CREATIVE SERVICES (4.6.C)

CLC is the only agency that offers an in-house creative services team to ensure that clients' trademarks meet industry standard production guidelines. We implement an average of 30 institution art sheet updates per month at no charge to the respective partner institution.

Logo Development - CLC's Creative Services staff also works with client institutions to develop exciting new primary logos, secondary marks, youth marks, as well as specialty marks for events, anniversaries, and theme programs in order

> to enhance their licensing programs and spur demand. These logos can provide unique opportunities for growing the market through increased exposure and incremental

> revenue.

Retail Signage - CLC's in-house staff also designs, develops, and distributes point-of-purchase signage and other collateral materials to support retail and promotional programs for our partner institutions.

Above are a few of the many logos created by the CLC Creative Services team for our partner institutions.

ROYALTY OPERATIONS (4.6.D)

The core of CLC's financial infrastructure is our Royalty Operations division. In the early days of the company. CLC founder Bill Battle set forth a simple goal for the company's royalty accounting services - when handling someone else's money, you had better do it right. For more than three decades, CLC has done it right. Since its founding in 1981, CLC has made every single payment to its clients on time.

CLC has an experienced royalty operations team consisting of a CPA/finance director and six accounting support staff members to manage all royalty transactions. All royalties are reported online by licensees, which expedites the reporting process and diminishes the error rate of paper reporting. All accounting entries are reconciled daily to verify the accuracy of each transaction.

Partner institutions set their own royalty rates and advance fees for each product category. Once royalties are collected, UCF is paid on a quarterly basis within 30 days after the close of the quarter, UCF receives extensive royalty reports with each quarterly payment.

Below is a sample list of reports that are available upon request from UCF. CLC is actively working to make these reports and the additional innumerable reports available from the Retail Intelligence system accessible to all institutions at the push of a button in the coming year.

BRAND PROTECTION (4.6.E)

CLC's six-person legal team is the largest of any collegiate licensing agency and provides UCF with expert counsel on the latest issues specific to collegiate trademark protection and licensing at no added cost to the University.

Our in-house legal services include trademark registration and protection, internet and social media actions, game day enforcement, collaborative efforts with other licensors, contract development and compliance, strengthening trademark legislation, and labor code compliance.

CLC's legal team also oversees the most expansive and aggressive audit program in the industry, ensuring all royalties due are collected and licensees are educated on the requirements of holding a UCF license.

TRADEMARK PROTECTION

CLC's legal staff assists UCF by ensuring that the University's valuable trademarks are fully protected through trademark recommendation calls, the coordination of state trademark applications/renewals, facilitating the process of filing federal registrations and maintenance documents, and reviewing the U.S. Patent and Trademark Office's Official Gazette to determine if third parties are trying to register marks that encroach on the University's rights. These services enhance the strength of UCF's trademark portfolio and provide the University with greater legal protection in the event of a trademark dispute.

ENFORCEMENT

A strong enforcement program protects the UCF brand and the rights of its licensing partners. CLC has the most comprehensive enforcement program to help tackle infringements at events, in the marketplace, and on the internet.

National Networks - CLC maintains a national network of law enforcement officials to help tackle infringements at the local, regional, and national levels and at various points of distribution, including border locations via U.S. Customs.

Game Day Enforcement - CLC conducts nearly 100 onsite enforcement actions each year, including hot market events such as conference and national tournaments, all of which are funded by CLC.

Cease and Desist Program - CLC successfully resolves most trademark infringements through our in-house cease and desist program. All matters are tracked in an extensive database to ensure prompt resolution and follow up for future reference. If preferable, CLC can work with University council to address these issues. This program is available for no additional charge to our partners.

Enforcement Alliance - CLC was a founder and is the only collegiate member in the Coalition to Advance the Protection of Sports Logos (CAPS), working with the major pro sports leagues on industry-wide enforcement issues.

CLC's dedicated online enforcement team completed over **6,200** social media take downs for its partners last year.

CLC closes on average **1,000** cease and desist issues each year on behalf of its partner institutions.

breach of the licensee contract, and in certain circumstances, the payment of unreported royalties and/or damages. All contract compliance matters are tracked in a database for future reference and use in evaluating licensees up for renewal.

HOLOGRAM LABEL

CLC's "Officially Licensed Collegiate Products" label is ubiquitous with collegiate licensed merchandise and is affixed to more than 135 million collegiate products each year. In addition to being one of the most secure holographic products in the world, CLC's labels and hangtags include a unique 10-digit sequential serial number that can identify manufacturers through a mobile track and trace system, assisting with marketplace enforcement and auditing. CLC's auditors are able to utilize the licensee label order history provided by CLC sister company JPatton to match the number of labels sold to the number of licensed products sold. No other collegiate labeling program on the market provides such expansive protection.

AUDIT PROGRAM

CLC has the most comprehensive auditing program in the industry, completing more than 125 licensee audits during the 2013-14 fiscal year and yielding more than \$2.7 million in unreported royalties for partner institutions.

CLC has collected nearly **\$60,000** in audit findings and damages for UCF since the inception of our audit program in 2002.

In addition to being used as a primary tool for enforcement, CLC is actively developing marketing uses for the hologram and hangtag to drive consumer traffic.

The above are samples of infringing or unlicensed product found online by the CLC legal staff.

Connecting with Best-In-Class Licensees and Retailers (4.6.F)

Universities compete with professional leagues, branded goods, and even blank goods (generic apparel) for shelf space. By representing the majority of all annual collegiate retail sales, CLC partners enjoy an unprecedented level of clout in dealing with licensees and retailers alike.

BRAND DEVELOPMENT

Whether you call them channels or portals, categories or products, consumers or people, it all boils down to the same thing - do you have the right merchandise offering in the proper retail locations to meet the demands of your fans? Answering that question will require a more strategic approach to managing your licensing program in the future.

APPAREL & NON-APPAREL LEADERSHIP

Joe Hutchinson VP, Apparel

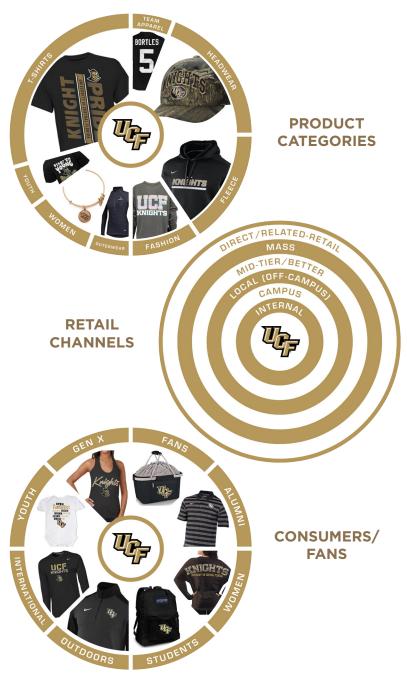

Dave Kirkpatrick VP, Non-Apparel

Plus 17 licensing and strategic brand development staff that support UCF. CLC is the only agency with the dedicated staff and deep industry relationships to expand the reach of the UCF brand and foster sustainable growth by expanding product categories, developing retail channels of distribution, and cultivating new consumers, as illustrated in the images to the right.

With numerous experts across many industry facets, including apparel and non-apparel, strategic brand management, retail and brand development, national and local marketing, and championship/hot market support, CLC has the resources necessary to best grow the UCF brand.

APPAREL AND NON-APPAREL MANAGEMENT

At the core of CLC's marketing services are the Apparel and Non-Apparel Management Divisions. Staff members in these divisions are ultimately charged with managing macro-level business development opportunities for UCF and overseeing the licensing administration for all standard licensees. UCF is able to develop its brand more strategically and with greater success, while maintaining high brand standards and continuing to utilize the following resources:

- Access to product category and/or distribution channel experts on CLC's staff to provide counsel to UCF on how to further expand its brand;
- Upon request, provide detailed recommendations that accompany every new licensee or new product request, that provide UCF with the ability to analyze its own program needs against industry trends and supporting data provided by CLC staff:
- Participation in cutting edge programs developed by CLC and licensees, many of which are done on an exclusive basis for CLC partners.

STRATEGIC BRAND DEVELOPMENT

In order for UCF to grow strategically in the future, it will be imperative for the University to manage its program by product category and distribution channel using analytical data and consumer research as a foundation for decisions. Often called Product Category Management (PCM), this strategic approach will identify best-in-class licensees across various consumer demographics to ensure the UCF fan base is being served, while increasing the value of the UCF brand.

RETAIL AND BRAND DEVELOPMENT STRATEGIES

CLC is the only licensing agency with specific divisions dedicated to retail and brand development. Our team meets regularly with national and regional retail buyers across all retail channels, from top college retailer Walmart to internet leader Fanatics, to help influence buying decisions and develop unique marketing programs to drive sales.

On the local level, CLC works with retailers and institutions to drive consumer traffic and increase sell-through of officially licensed collegiate merchandise.

Additionally, CLC has a division focused on creating new, original brand marketing initiatives to generate incremental sales and exposure for collegiate brands. CLC is the only licensing management option that commits its own resources toward marketing its partner institutions at the national and local levels.

NEW LICENSEES/INCREASED

PINK Program/Victoria's Secret - After UCF was dropped from the PINK Collegiate program in the spring of 2013, CLC lobbied the retailer for the University to be added back to the program using information highlighting UCF's strong female fan base to help encourage the University's inclusion in the future. Additionally, UCF won the PINK Collegiate party in the fall of 2013 through a social media contest, which reinforced UCF fans' affinity to the PINK brand. UCF was officially added back into the PINK Collegiate program in fall of 2014 and was carried in nine locations. The PINK Collegiate program has generated \$22,000 in royalties for UCF since it was added back to the program this past fall.

Party City

Mayflower Distributing Company Inc./Party City - In an effort to increase the UCF product assortment at local Party City locations, CLC worked with Mayflower Distributing Company to include UCF in its paper product collection available at retail. UCF is now carried in seven Party City locations. Since becoming a licensee for UCF in Fall 2014, Mayflower has reported over \$1,800 in wholesale sales.

DE Hardware

Evergreen Enterprises/Ace Hardware - Following UCF's expression of interest in having product available at Ace Hardware, CLC worked with Evergreen Enterprises of Virginia to provide data to Ace Hardware regarding strong UCF alumni markets and key product categories such as signage products, housewares, and holiday accessories. UCF product is now carried in six Ace Hardware locations.

UCF Retail Growth

Over the past three years, UCF has grown to become a nationally recognized university as a result of a tremendous amount of academic and athletic success. Throughout this time period, CLC has helped UCF capitalize on this exposure through consistent communication with new licensees and retailers that could potentially support the UCF brand. Since the fall of 2012, the number of unique retailers (retail brands/outlets) carrying UCF merchandise has almost doubled, and the total number of retail doors/locations that carry UCF merchandise has grown 64%.

UCF Retail Growth Since Fall 2012				
Unique Retailers Overall Retail Locations				
Fall 2012	29	134		
Fall 2015 57		220		

Distribution Channel Marketing (4.7.B)

The extensive reporting capabilities provided by CLC enables UCF to better understand where products are sold. During Fall 2014, UCF saw significant growth in the specialty mass and better department store/boutique channels. Moving forward, CLC will work to help improve sales for the department store channel by working with key licensees that sell into retailers such as Dillard's and Macy's.

Industry Trade Shows (4.7.C)

Trade shows are an important function of the Retail Development division. CLC maintains a booth at major industry trade shows, including the Sports Licensing and Tailgate Show and CAMEX (which primarily focuses on campus bookstores and fan shops). Additionally, CLC is the only licensing agency with an official partnership and presence at the Atlanta Gift Mart with its branded "Put Some Spirit In Your Store" collegiate licensed vendor collection.

E-Commerce and Retail Reporting (4.7.D)

In a continued effort to provide the most accurate information, CLC will soon be requiring licensees to report e-commerce business separately for retailers that also utilize brick-and-mortar locations. While this requirement will be limited to retailers that have a separate e-commerce buyer or different purchase order numbers for online items, this will allow CLC to further analyze the internet channel and identify new e-commerce opportunities. Examples of retailers that will have the e-commerce portion of their business reported separately are Walmart, Kohl's, Target, Sam's Club, and Costco.

UCF Retail Target Activity

Bed, Bath and Beyond - In an effort to increase the variety of products offered at the local Bed, Bath, and Beyond, CLC has initiated discussions with Duck House Sports and Marketing Results regarding opportunities to produce UCF branded products such as glass canisters, cutting boards, and food storage containers. Product suggestions were presented to Bed, Bath and Beyond during CLC's April meeting with the buyers and we are optimistic of future progress.

Dillard's - As a top UCF retail target, CLC has been working to increase the University's product assortment at Dillard's locations in Central Florida by providing alumni data and additional university information to key licensees such as Magnolia Lane, Antigua, and The Northwest Company. Target products include high-end apparel, dishware, and blankets. Licensees were very receptive to this feedback and will be passing the information along to their Dillard's sales representative.

"Prior to our partnership with CLC, we felt our brand was under-represented both in our local and regional markets, and Texas A&M needed a partner that had the resources and expertise necessary to leverage our brand in the marketplace. The results speak for themselves. We have seen 116% growth over the past five years as a result of our partnership with CLC."

NATIONAL MARKETING INITIATIVES (4.7.E)

Since the early 1990s, CLC has recognized the importance of aggressive marketing efforts as a means for expanding collegiate sales. A few examples of CLC's national marketing efforts are briefly outlined below:

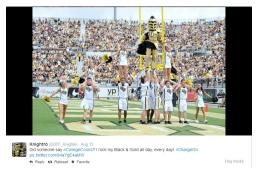

College Colors Day

CLC created a national holiday called "College Colors Day" as a promotional vehicle for CLC institutions, as well as retailers and licensees. The holiday was promoted heavily via social media, and print ads, and more than 12,000 retail locations across the country activated the promotion in 2014 to increase their vital back-to-school sales efforts. Licensees reported a 5% increase in wholesale shipments of college product to retailers during the promotional period. In addition to signage created by CLC for local retailers, UCF supported College Colors Day through social media.

Saturday Ritual

In an effort to continue the retail momentum of the College Colors Day marketing platform, CLC developed and launched the "Saturday Ritual" marketing program in 2012. The program, which is exclusive to Dicks Sporting Goods, highlights Saturdays as the day for college football and calls on fans to share their game day rituals at a time when college competes with the NFL for retail shelf space. More than 800 Dick's Sporting Goods locations across the country supported Saturday Ritual.

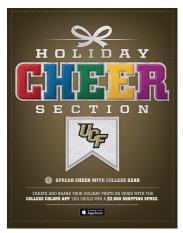

Holiday Cheer Section

Holiday Cheer Section, which launched in 2012, is a retail marketing platform created to promote the sale of officially licensed collegiate products at retail during the peak holiday buying season. The platform's goal is to create consumer awareness and to keep college top-of-mind with shoppers during the holidays. The 2014 campaign was supported in national and local retailers like Walmart, Costco, Fanatics, Paradies, Gordman's, and Alumni Hall. Walmart generated an incremental \$1.5 million dollars in sales and associated royalties due to the incremental Holiday Cheer Section self-shipper containing a crew fleece product.

Using CLC's consumer-focused College Colors app, fans were able to share electronic greetings decorated with their favorite school's logo and branding, as well as festive holiday props and borders. Each fan that sent a greeting card was automatically entered into a drawing to win a \$2,500 holiday shopping spree. This fan engagement piece was a success, with total posts and holiday greetings up 11% from the 2013 program.

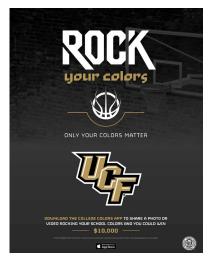

Rock Your Colors

Originally branded as "I Love College Hoops," the Rock Your Colors program was created to increase exposure for college merchandise at point-of-purchase with local, national, and online retailers during the college basketball season (January-March). The 2015 campaign that launched on February 1 allows institutions the option of utilizing either basketball or baseball graphics on their signage. CLC secured major retailers to execute the overall campaign, including Costco, Academy, Lids, Fanatics, and Paradies.

LOCAL MARKETING INITIATIVES (4.7.E)

CLC understands the importance of targeted marketing programs at the local level as a means for expanding brand recognition and increasing sales. A few examples of CLC's local marketing efforts created for UCF are briefly outlined below:

Color Out Games

In preparation for the "Gold Rush" and "Black Out" color-out games at UCF, CLC ensured licensees and retailers capitalized on the event by confirming enough products would be available at campus retailers and also by designing and producing signs that drew attention to product in stores to help entice consumer purchases.

UCF/USF Rivalry

In an effort to create incremental revenue for the University, CLC partnered with licensees and local retailers to develop and promote the I-4 Corridor Clash rivalry program for UCF and USF. As the rivalry continues to strengthen, CLC recommends the consideration of a special licensing program, which would enable separate royalty reporting and artwork submissions for designs featuring the rivalry. This would allow for separate tracking of program results in order to help the University to better strategically manage the marketing and distribution of rivalry merchandise.

Graduation Gift Guides

With the goal being to increase consumer awareness of the variety of UCF licensed products available, as well as generating incremental sales, CLC worked with UCF to produce an interactive graduation-themed gift guide for distribution to consumers to help drive sales. As discussed with UCF, CLC plans to create quarterly gift guides moving forward.

Operation Hat Trick

Operation Hat Trick (OHT) is a philanthropic merchandising program created to build awareness, support, and funds for the recovery of America's injured service men and women. Since its national launch nearly 18 months ago, the OHT program has generated more than \$1 million dollars in sales and tens of thousands of dollars in royalties that have been donated to organizations that directly impact the recovery of injured American soldiers and veterans.

Prior to the Fall 2014 Military Appreciation football game at UCF, CLC created in-store signage and social media graphics to create awareness of the Operation Hat Trick (OHT) program and to promote OHT items available.

RETAIL CAMPAIGNS IN FLORIDA (4.7.F)

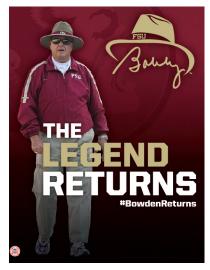

As requested in the RFP, following are examples of retail initiatives that have been activated locally for other CLC partner institutions in the State of Florida.

Florida State

In celebration of Coach Bowden's return to Tallahassee, CLC created a special logo for FSU that was used by the University and athletics on all events where Coach Bowden made appearances. Additionally, a line of licensed merchandise was created using the special logo. Several top licensees were selected to participate in this program, which garnered a 20% royalty rate. To support the sale of the merchandise, CLC created life-sized cutouts that promoted the product offering. These cutouts were distributed to retailers across Tallahassee that carried the merchandise and created great photo opportunities in stores that fans really enjoyed.

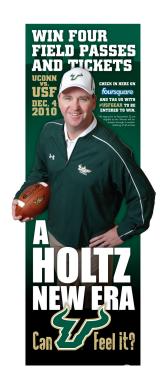

University of South Florida

CLC worked with USF and retailers around Tampa to promote licensed USF product by capitalizing on the excitement of new football coach Skip Holtz. Customers were encouraged to check in at participating retailers on Foursquare and tag their check-in with the specified hashtag so participants could be tracked. To drive fans to the participating stores, USF gave one winner four field passes for an upcoming football game and promoted the giveaway via social media.

In an effort to create incremental sales, CLC and USF partnered with a local Finish Line location to run a gift-with-purchase promotion. Throughout this initiative, for every \$50 spent on USF merchandise, the consumer received two tickets to an upcoming designated football game. The campaign was promoted via in-store signage and on social media by USF athletics.

The UCF Program Tomorrow ... Connecting to a Road Map for Success

While the UCF licensing program has been successful, we believe a new strategy moving forward will expand the program like never before. As the collegiate licensing industry and retail markets have evolved, so has the need to transform the approach that universities, including UCF, need to take in order to continue to grow their brands.

As a valued partner, CLC will work with UCF to develop a comprehensive road map for growth that places the consumer at the epicenter of a plan that strategically manages the UCF licensee base and includes UCF-specific product collections and brands developed for targeted consumers. Our road map also includes innovative direct-to-consumer marketing initiatives backed by CLC's proprietary retail and consumer intelligence, and leverages WME/IMG sports and entertainment expertise and resources to increase promotional events and revenue opportunities.

Do you have the right merchandise offering in the proper retail locations to meet the demands of your fans? More importantly, do you know who your fans are?

The key to a successful brand licensing model is to place the consumer at its epicenter. Utilizing WME/IMG's world-class research capabilities and dedicated research analysts, CLC will undertake a comprehensive quantitative and qualitative consumer survey to determine what they are buying, where they are buying it, and how we can influence those buying decisions – at the local, regional, and national levels.

Understanding the UCF consumer's buying preferences, motivations, and tendencies through extensive market research and fan analytics will provide a basis for future licensing strategy.

The following two pages contain examples of the consumer data that CLC has the ability to provide to UCF through a continued partnership. Research could be conducted to support UCF's goal to grow locally, regionally, and nationally.

RIGHT-SIZE THE UCF SUPPLY BASE

Utilizing consumer research results and CLC's retail intelligence data, CLC will help guide UCF in the creation of an optimal licensee line-up across product categories and distribution channels.

By aligning with best-in-class licensing partners that are invested in growing the UCF brand, the University will be able to leverage elevated financial, marketing, and product commitments. CLC will lead the in-depth analysis of existing non-apparel and apparel licensees to identify key players and value-adds within each product category and distribution channel. Combining these efforts with consumer-focused licensing opportunities and retailer-driven initiatives will ensure the future growth and success of UCF's licensing program.

The following report illustrates that UCF's top 50 licensees generate over 80% of its royalties, leaving nearly 200 licensees generating the remaining 20%. CLC will help UCF partner with new and existing licensees to identify voids and opportunities in the marketplace, with a specific focus on the outerwear, youth apparel, domestics, footwear, and sports equipment product categories.

ESTABLISH VITAL RELATIONSHIPS

As UCF continues to grow its licensing program, a key component of continuing the trajectory of growth moving forward will be to establish strategic relationships with various stakeholders:

- Internally at the University, CLC will work with UCF to create a formal licensing committee to ensure licensing initiatives are communicated and supported throughout all campus constituents, including but not limited to, Athletics, Alumni, Student Affairs, and Auxiliary Services.
- Externally, CLC will also help UCF identify significant decision-makers at current and prospective licensees and retailers with a goal to increase product offerings and promote sell-through at retail.
- Lastly and most importantly, CLC will assist UCF in creating new ways to connect with consumers through special events and social media.

Relationship Building Targets RETAILERS LICENSEES CONSUMERS SALES REPS CAMPUS

Retail Reception

In an effort to strengthen relationships and show appreciation for their support, CLC will work with UCF to host a retailer and licensee reception during UCF's 2015 opening home football game. This event will not only provide a social networking environment for key constituencies involved with UCF licensed merchandise but will also allow attendees to experience UCF's passionate fans firsthand.

GAIN SHELF SPACE/TAKE AWAY FROM THE COMPETITION

For UCF to truly grow at retail, it needs to take shelf space away from other sports and entertainment brands. To accomplish this, it will take a concerted effort to collaborate with retailers and provide resources to dedicate more floor space to college overall and UCF, in particular.

CLC's dedicated Retail Development department will continue to cultivate retailer relationships and work to grow the presence of UCF merchandise through the following:

- CLC will utilize retail intelligence data to help identify growth opportunities for UCF product in the Orlando area. Our team will work to further introduce and/or increase UCF's product assortment at retailers such as: Ace Hardware, Home Depot, Stein Mart, Dillard's and Bed, Bath and Beyond.
- Gather insights into retailers' needs, challenges, and goals.
- · Host regular UCF retail summits.
- Provide retailers with data and information.

CLC will incentivize retailers to carry more UCF merchandise by providing resources to help improve sell-through of product.

- UCF-specific marketing displays to heighten the brand experience for consumers.
- Produce premium in-store displays, which can spur a 30-40% lift in sales, driving additional future product placement.

Retail Champions Program

In an effort to build stronger relationships with local retailers and increase sales of licensed UCF product, CLC will work with the University to create a Retail Champions program. As a participant in the program, the retailers must agree to carry a designated amount of UCF product throughout the year, and in return, UCF will provide marketing support such as in-store signage and social media recognition. CLC has successfully executed Retail Champions programs at institutions such as East Carolina University, an AAC peer institution.

DEVELOP CONSUMER-FOCUSED MARKETING

In building a mutually-beneficial relationship that translates to sales, a consumer must feel that a brand knows and understands them by delivering products and services that fit their needs and their interests. CLC will work with UCF to develop merchandise programs targeted to specific consumer interests.

Additionally, CLC will work with UCF to develop consumer-driven marketing programs and direct-to-consumer opportunities to drive incremental sales.

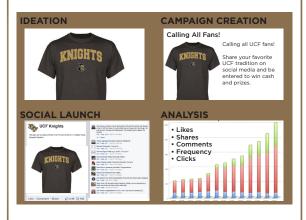

Black and Gold Spirit Fridays

In an effort to leverage the pride and excitement of College Colors Day throughout the year and increase brand loyalty, CLC will work with UCF to launch an official Spirit Day with the goal of encouraging fans to wear black and gold on Fridays. Spirit Day activation may include signage for retailers, social media product giveaways, and special discounts for those wearing black and gold at local restaurants. CLC has assisted with Spirit Day launches at numerous universities such as Stephen F. Austin State University and Northern Arizona University with much success.

Social Merchandising

Work with CLC and HIS Digital to turn affinity into money using hyper-local merchandising and create UCF-specific product ideas for a targeted consumer base. Using flash consumer marketing campaigns on social media, buying interest can be gauged from "hyper" passionate fans as identified by harvesting profiles on social media outlets (Facebook, Pinterest, YouTube, etc.). Sales are then made via social media to a targeted consumer base.

Youth Legacy Program

In order to create incremental revenue, CLC will work with the University to help develop a youth Knightro that can be used on products to appeal to the youth demographic.

Given the strong young alumni fan base in Central Florida, CLC will also help UCF explore the option of establishing a "legacy" program. As a part of this program, UCF will partner with local hospitals to provide UCF alumni with a "Welcome to the UCF Family" care package for newborns, and will continue connecting with the family as the child grows older to recruit them as a future Knight. In order to produce incremental sales, special birthday and holiday coupons will be sent with a card to the family on an annual basis. CLC is in the process of establishing a similar program with the University of Cincinnati, and a successful program has been in place at Montana for several years.

The above are examples of youth program marks used by other CLC partner institutions.

Leverage WME|IMG expertise and unparalleled client access to build lasting impressions and marketable opportunities for the UCF community.

- Concerts, food festivals, movie nights, and comedy shows to enhance existing events or create new ones.
- Keynote speeches and conversations with world class entertainers, athletes, thought-leaders, business icons, and innovators.

"CLC's new parent company, William Morris Endeavor, understands how to connect current cultural music and fashion trends with college brands in a way that provides an added layer of expertise to CLC's already strong portfolio of client services, enhancing its position as the industry leader."

Shane Hinckley, Interim VP, Marketing and Communications Texas A&M University

LET'S GET STARTED

In today's market, most college brands have become commoditized due to oversupply, which has resulted in margin compression, revenue declines, and limited growth potential, as well as reduced brand equity and perceived value compared to other sports and entertainment brands. CLC believes the strategic road map we've outlined will counter this trend and set UCF on the path for long-term brand and revenue growth. CLC will assist UCF in developing a best-in-class licensee model that right-sizes supply that will help elevate the value of the University's brand. We will also deliver innovative marketing concepts that drive consumer demand.

After collaborating with UCF on the strategic direction and tactics it prefers, CLC will deliver a comprehensive timeline for execution. CLC, along with WME's unparalleled resources, stands ready to guide UCF on this next journey of our partnership. All we need is the green light!

CLC FINANCIAL PROPOSAL FOR UCF (48 A-D)

Which licensing agency is most capable of significantly increasing revenue through a new model of collegiate licensing that puts the fan at the epicenter of its strategy while delivering innovative solutions, strategic brand management programs, and a responsive, customer service focus?

Can that agency also deliver best-in-class services, relationships, and expertise in the mission critical areas of brand protection, brand management, and brand development?

We believe that a partnership with CLC is the best pathway to maximize both brand exposure and revenues, as well as fan access to merchandise, while assuring that UCF's brand is protected for long-term growth.

Throughout this proposal, we have illustrated the significant benefits and results UCF would receive through a continued partnership with CLC. The positioning of the University alongside other top national institutions and conference peers, unparalleled presence in UCF's marketplace, access to CLC and WME/IMG's deep relationships and industry clout, innovative licensing and marketing strategies, industry-leading services and staff, and CLC's track record of success are all advantages only CLC can deliver. We have proven our unmatched ability to grow licensing programs time and time again.

CLC is uniquely positioned to grow UCF's revenue through expanded marketplace presence, more expansive protection, and strategic management of UCF's licensees and retailers.

REVENUE THROUGH LEVERAGE AND ECONOMIES OF SCALE

CLC also currently impacts the University's licensing program through a reduction in expenses for administration, auditing, legal services, and technology that are not readily available through other agency options. While many of these service areas may seem routine and imperceptible on a daily basis, our industry-leading services and technology would ultimately save time, and thus expense, for the University in managing its licensing program as compared to alternative management options. Additionally, CLC provides many services free of charge as a part of our standard agency agreement that other agencies provide for additional fees. Services included in our proposal that would be provided at no cost to UCF include:

- All CLC systems, including the MyiCLC license management system and mobile application, retail reporting. Logos on Demand, and hologram tracing, as well as data tracking and analysis for use in the development of strategic plans;
- Access to CLC's in-house team of three attorneys, legal support staff, and dedicated corporate responsibility vice president for trademark monitoring, marketplace enforcement, labor code expertise, and legal advice. including the execution of all cease and desist letters on behalf of the University:
- Auditing and contract compliance collections;

- Retail marketing programs, including signage and social media graphics and promotions;
- Creative design services for logo management and marketing programs;
- CLC's Annual Licensing Directors' Seminar, a three-day forum for learning and idea exchange with collegiate licensing industry leaders, which is provided at no charge to licensing directors and other campus personnel who attend; and
- Expert staff in all vital areas of collegiate licensing available to support the UCF licensing program, including a
 dedicated account representative that can travel to campus and the surrounding area at no cost to the University.

These complimentary services provide significant cost savings to UCF and tremendous added value over and above the financial proposal.

We believe that a continued UCF partnership with CLC will afford the University the maximum opportunity for future success. As such, we are pleased to respond to the University's RFP with the following financial proposal for your consideration.

FINANCIAL OFFER

Full-Service Domestic Licensing Rights

In exchange for a **ten (10) year** agreement, CLC is pleased to present the following financial proposal:

UCF receives:

- 82% of all gross royalties up to \$750,000
- 85% of all gross royalties above \$750.000
- Upon successful execution of an Agency Agreement between CLC and UCF, CLC will also pay the University a one-time signing bonus of \$50,000 to be used at the University's discretion.
- CLC will allocate \$5,000 per year from our share of the royalty revenues to be used on mutually agreeed upon initiatives to grow the UCF licensing program.
- During the term of the agreement, UCF's Licensing Department would receive a mutually agreed upon
 multimedia rights package valued at \$25,000 with UCF IMG Sports Marketing at no cost to the Licensing
 Department. This would enable UCF's Licensing Department to utilize multimedia resources to promote the
 purchase of licensed product. UCF IMG Sports Marketing and UCF Licensing will mutually agree upon the
 selected media inventory available per promotion. This offer's availability is pending positive confirmation of
 UCF's future relationship with IMG College as the University's multi-media rights holder.

Full-Service International Licensing Rights

In addition to domestic licensing services, CLC also seeks to continue our representation of UCF's international licensing rights. Due to the unique nature of the international market for collegiate merchandise, CLC International uses a standard 50/50 model for its partners.

• In exchange for a five (5) year agreement with an option to renew for an additional five (5) years that would sync with the domestic licensing agreement, UCF receives 50% of all gross royalties.

RESPONSES AND CLARIFICATIONS TO CERTAIN RFP REQUIREMENTS

There are several contractual considerations from the RFP that we would like to discuss with the University if selected as part of this RFP process.

• Section 2.22 - Termination of Contract - This provision includes termination without cause and penalty language that enables UCF to terminate the agreement without cause upon 90 days written notice. CLC cannot agree to such a provision because it makes the agreement a 90-day agreement, and CLC cannot properly invest in the development of UCF's licensing program with such a provision. Removal of this term protects CLC and its efforts to develop new products and programs for the University, which can often take several months to get to market.

WE ARE COMMITTED TO UCF

Through the information provided in this proposal and our successful 23-year partnership, we hope that we have shown why CLC is the best management option for the UCF Trademark Licensing Program.

We are confident that we are offering UCF the best possible opportunity for substantial program and revenue growth. Our proposed strategic model of licensee management coupled with our plans for innovative marketing programs and leveraging WME assets, will take the UCF brand and licensing program to a new level.

Additionally, UCF would continue to benefit from the significant economies of scale and marketplace leverage through its partnership with the agency that represents most of the top collegiate brands in the country.

(12) The National Collegiate Athletic Association (NCAA) rules prohibit the use of the name or likeness of any person who has current or remaining collegiate athletic eligibility on or in connection with the sale or promotion of any commercial product or service. In conducting activity under this Agreement, Licensee shall not encourage or participate in any activity that would cause an athlete or a Collegiate Institution to violate any such rule of the NCAA or other governing body of any intercollegiate athletic conference.

Licensee, upon receipt of the bulletins or notices, is responsible for distributing them promptly to the appropriate party(s) and complying with the modified appendices and policies.
- (c) Licensee recognizes and agrees that certain changes to Appendices A, B, B-1, C, or D may affect Licensee's rights regarding certain Collegiate Institutions, Licensed Indicia, Licensed Articles, Authorized Brands or Distribution Channels. Licensee agrees that such rights shall cease on the effective date of the notice of such changes, in accordance with the terms of the notice. In such event, those provisions of Section 17 regarding disposal of inventory shall become effective for the affected Collegiate Institutions, Licensed Indicia, Licensed Articles, Authorized Brands or

Distribution Channels unless Licensee obtains written permission from the affected Collegiate Institutions concerned to continue to use the Licensed Indicia, or to manufacture, advertise, distribute or sell the Licensed Articles.

(d) Upon notification by CLC of the addition of a Collegiate Institution to the CLC program, or at any other time, Licensee may request in writing or through iCLC the addition of Collegiate Institutions to the Agreement. Any such addition will require an addendum to Appendix A. Such addendum will be fully executed only upon Licensee's completion of product and design approval requirements, as provided in Section 10.

6. PAYMENTS

- (a) Rate: Licensee agrees that it shall pay to CLC the applicable royalty charges set forth adjacent to the respective Collegiate Institutions listed in Appendix A. Unless otherwise specified, the royalties paid ("Royalty Payments") shall be based upon Net Sales, as defined in Section 1(g), of all Licensed Articles sold during the Term and any renewal, and during any period allowed pursuant to Section 17.
- (b) For purposes of determining the Royalty Payments, sales shall be deemed to have been made when Licensed Articles are billed, invoiced, shipped, or paid for, whichever occurs first.
- (c) Advance Payments: Upon execution of this Agreement by Licensee, and upon any renewal, Licensee shall pay CLC, as a nonrefundable payment, the Advance Payments set forth in Appendix A. Upon renewal, the Advance Payments will be prorated, where applicable, as per CLC's written instructions. Licensee may apply the Advance Payments as credits against Royalty Payments and Minimum Guarantee payments (if applicable) due for the specific Collegiate Institutions, which credits shall expire no later than twenty (20) days after the expiration of the Term and any renewal period.
- (d) Minimum Guarantee: Licensee shall pay CLC the Minimum Guarantee amounts (if applicable) set forth in Appendix A by no later than twenty (20) days after the end of the Term and any renewal period, unless specified otherwise in Appendix A.
- (e) Administrative Fee: Upon execution of this Agreement by Licensee, and upon any renewal, Licensee shall pay CLC, as a non-refundable payment, the Administrative Fee set forth in Appendix A.

- (g) Distribution: In the event Licensee distributes or sells Licensed Articles at a special price directly or indirectly to itself, including without limitation, any affiliate or subsidiary of Licensee, to any other person, firm or corporation related in any manner to Licensee or its officers, directors or major stockholders, or through a Distributor (such distribution arrangements being subject to prior written approval by CLC), Licensee shall pay royalties with respect to such distribution or sales based upon the regular Net Sales price for such Licensed Articles distributed or sold to the trade by Licensee or, if such regular Net Sales pricing is not available, as determined by CLC's evaluation of comparable prices charged the trade for similar products.
- (h) FOB Sales: If a customer of Licensee purchases Licensed Articles FOB the manufacturing source or participates in other arrangements which result in such customer paying less for the Licensed Articles than Licensee's regular selling price to the trade (such FOB Sales or other arrangements being subject to prior written approval by CLC), Licensee shall pay royalties with respect to such distribution or sales based upon the regular Net Sales price for such Licensed Articles distributed or sold to the trade by Licensee or, if such regular Net Sales pricing is not available, as determined by CLC's evaluation of comparable prices charged the trade for similar products.
- (i) Multiple Royalties: CLC recognizes that Licensee may be a party to other license agreements which, together with this Agreement, would subject certain Licensed Articles to one or more additional royalty payments above and beyond the Royalty Payments. Royalty Payments required to be paid to CLC for Licensed Articles may be reduced only by mutually agreed upon amounts set forth in writing.
- (j) Exempt Area: On or around certain Collegiate Institution campuses, certain accounts or areas may be exempt from the obligation to pay Royalty Payments for sales made and delivered by Licensee to customers located within the exempt area. If, however, Licensee charges royalties for such sales, then Royalty Payments are due and payable on such sales. Appendix B-1 lists those exemptions. CLC and the Collegiate Institutions reserve the right to add to or delete from Appendix B-1, and will notify Licensee of these changes in writing as provided in Section 5(b). Licensee shall be responsible for obtaining and documenting confirmation from CLC or a Collegiate Institution licensing official that a particular account is exempt.

7. ROYALTY STATEMENT AND PENALTIES

(a) On or before the twentieth (20th) day of each month, Licensee shall submit to CLC, in a format provided or approved by CLC, a full and complete statement, certified by an officer of the Licensee to be true and accurate, showing the quantity, description, and Net Sales (including

itemization of any permitted deductions and/or exemptions) of the Licensed Articles distributed and/or sold during the preceding month, listed (i) by Collegiate Institution, (ii) by Licensed Article, (iii) by applicable Authorized Brand, and (iv) by Distribution Channel. Such report shall include any additional information kept in the normal course of business by the Licensee which is appropriate to enable an independent determination of the amount due hereunder with respect to each Collegiate Institution. All Royalty Payments then due CLC shall be made simultaneously with the submission of the statements. If no sales or use of the Licensed Articles were made during any reporting period for one or more Collegiate Institutions, Licensee shall provide CLC a written statement to that effect as part of the report.

- (b) Licensee shall pay CLC an additional charge of one and one-half percent (1.5%) per month, compounded on a monthly basis, or the maximum rate allowed by law, if lower, on any payment due under the Agreement that remains unpaid after such payment becomes due.
- (c) CLC's receipt or acceptance of any statements or Royalty Payments, or the cashing of any royalty checks, shall not preclude CLC from questioning the correctness thereof at any time. Upon discovery of any verifiable inconsistency or mistake in such statements or payments, Licensee shall immediately rectify such inconsistency or mistake.
- (d) Licensee shall, unless otherwise directed in writing by CLC, send all payments and statements to CLC at the address set forth in the heading of this Agreement, or transmit the same via electronic format approved by CLC.

(b) Licensee shall not oppose or seek to cancel or challenge, in any forum, including, but not limited to, the United States Patent and Trademark Office, any application or registration of the Licensed Indicia of any Collegiate Institution. Licensee shall not object to, or file any action or lawsuit because of, any use by the Collegiate Institutions of their Licensed Indicia for any goods or

services, whether such use is by the Collegiate Institutions directly or through licensees or authorized users.

- (c) Licensee recognizes the great value of the good will associated with the Licensed Indicia and acknowledges that such good will belongs to the Collegiate Institutions, and that such Licensed Indicia have inherent and/or acquired distinctiveness. CLC and the applicable Collegiate Institution shall have the right to determine whether any action shall be taken on account of any such alleged infringements. Licensee shall not institute any suit or take any action on account of any such alleged infringements without first obtaining the written authorization of CLC and the Collegiate Institutions. - (e) Nothing in this Agreement gives Licensee any right, title, or interest in the Licensed Indicia except the right to use the Licensed Indicia in accordance with the terms of this Agreement. Licensee's use of the Licensed Indicia shall inure to the benefit of the respective Collegiate Institutions.

Without limiting the foregoing acknowledgment or subsequent assignment, Licensee further acknowledges that any rights that Licensee might have under this Agreement do not in any way dilute or affect the interests of the Collegiate Institutions in the Licensed Indicia or any derivatives thereof; nor permit Licensee to copy or use the Works or the Licensed Indicia, except as expressly permitted under this Agreement; nor to affix a copyright or trademark notice to any product bearing the Works or the Licensed Indicia, except as expressly permitted under this Agreement.

(g) Licensee acknowledges that its breach or threatened breach of this Agreement will result in immediate and irremediable damage to CLC and/or the Collegiate Institutions and that money damages alone would be inadequate to compensate CLC and/or the Collegiate Institutions. Therefore, in the event of a breach or threatened breach of this Agreement by Licensee, CLC and/or the Collegiate Institutions may, in addition to other remedies, immediately obtain and enforce injunctive relief prohibiting the breach or threatened breach or compelling specific performance. In the event of any breach or threatened breach of this Agreement by Licensee or infringement of any rights of the Collegiate Institutions, if CLC and/or the Collegiate Institutions employ attorneys or incur other expenses, Licensee shall reimburse CLC and/or the Collegiate Institutions for their reasonable attorney's fees and other expenses.

9. DISPLAY AND APPROVAL OF LICENSED INDICIA

Licensee shall not use any Licensed Indicia in any form or in any material disapproved or not approved by CLC.

(c) Licensee shall display on each Licensed Article or its Packaging and Advertising Materials the trademark and license notices required by CLC's written instructions in effect as of the date of manufacture.

- Prior to the manufacture, use, distribution or sale of any Licensed Article, Packaging, Advertising Materials and/or designs containing the Licensed Indicia, Licensee shall submit to CLC for approval, at Licensee's expense and in the format required by CLC, at least one sample of each proposed Licensed Article, Packaging, Advertising Materials and/or design for each Collegiate Institution and one sample for CLC as the same would be manufactured, used, distributed or sold. If CLC approves in writing or via iCLC the proposed Licensed Article, Packaging, Advertising Materials and/or design, the same shall be accepted to serve as an example of quality for that Licensed Article, Packaging, Advertising Materials and/or design, and production quantities may be manufactured by Licensee in strict conformity with the approved sample. All approvals provided herein are effective only for the Term or renewal period in which Licensee has submitted and CLC has approved the Licensed Articles, Packaging, Advertising Materials and/or designs, unless Licensee is otherwise notified in writing by CLC. Licensee shall not depart from the approved quality standards in any material respect without the prior written approval of CLC. Licensed Articles, Packaging, Advertising Materials and/or designs not meeting those standards, including seconds, irregulars, etc., shall not be distributed or sold under any circumstances without CLC's prior written authorization.
- (c) Licensee may only use the Licensed Indicia as shown in Appendix B and approved in the manner set forth herein. Licensee may not modify the Licensed Indicia without the prior written approval of CLC as provided in Section 10(b) above. Licensee may submit sketches of proposed artwork for preliminary approval before submitting finished samples.
- (d) The descriptions of the Licensed Articles are set out in Appendix C. Licensee agrees to adhere strictly to the description of each Licensed Article.
- (e) At time of renewal, or upon request by CLC at any other time, in addition to any other requirement, Licensee shall submit to CLC such number of each Licensed Article, Packaging,

Advertising Materials and/or design manufactured, used, distributed or sold under the Licensed Indicia as may be necessary for CLC to examine and test to assure compliance with the quality and standards for Licensed Articles, Packaging, Advertising Materials and/or designs approved herein. Each item shall be shipped in its usual container or wrapper, together with all labels, tags, and other materials usually accompanying the item. Licensee shall bear the expense of manufacturing and shipping the required number of Licensed Articles, Packaging, Advertising Materials and/or designs to the destination(s) designated by CLC.

- (f) If CLC notifies Licensee of any defect in any Licensed Article, Packaging, Advertising Materials and/or designs or of any deviation from the approved use of any of the Licensed Indicia, Licensee shall have fifteen (15) days from the date of notification from CLC to correct every noted defect or deviation. Defective Licensed Articles, Packaging, Advertising Materials and/or designs in Licensee's inventory shall not be used, distributed or sold and shall, upon request by CLC, be immediately recalled from the marketplace and destroyed or submitted to CLC, at CLC's option and at Licensee's expense. However, if it is possible to correct all defects in the Licensed Articles, Packaging, Advertising Materials and/or designs in Licensee's inventory, said items may be distributed or sold after all defects are corrected to the satisfaction of CLC, which shall be indicated in writing. CLC and/or its authorized representatives shall have the right at reasonable times without notice to inspect Licensee's plants, warehouses, storage facilities and operations related to the production of Licensed Articles.
- (g) Licensee shall comply with all applicable laws, regulations, standards and procedures relating or pertaining to the manufacture, use, advertising, distribution or sale of the Licensed Articles. Licensee shall comply with the requirements, including reporting requirements, of any regulatory agencies (including, without limitation, the United States Consumer Product Safety Commission, Federal Trade Commission, or Food and Drug Administration) which shall have jurisdiction over the Licensed Articles. Both before and after Licensed Articles are put on the market, Licensee shall follow reasonable and proper procedures for testing Licensed Articles for compliance with laws, regulations, standards and procedures, and shall permit CLC and/or its authorized representatives, upon reasonable notice, to inspect its and its Manufacturer's testing, manufacturing and quality control records, procedures and facilities and to test or sample Licensed Articles for compliance with this Section. Licensed Articles found by CLC at any time not to comply with applicable laws, regulations, standards and procedures shall be deemed disapproved, even if previously approved by CLC, and shall not be shipped and/or shall be subject to recall unless and until Licensee can demonstrate to CLC's satisfaction that such Licensed Articles have been brought into full compliance.
- (h) Licensee shall inform CLC in writing of any complaint regarding the Licensed Articles promptly upon Licensee's receipt of such complaint.
- (i) Any unauthorized or unapproved use by Licensee of any Licensed Indicia of any Collegiate Institution shall constitute grounds for immediate termination of this Agreement and also may result in action against Licensee for trademark infringement and/or unfair competition, other applicable claims, and collection of monetary damages.

11. DISPLAY OF OFFICIAL LABEL

- (a) Licensee shall, prior to advertising, distribution or sale of any Licensed Article, affix to each Licensed Article, its Packaging and Advertising Materials an "Officially Licensed Collegiate Products" tag or label in the form prescribed by CLC ("Official Label"). In addition, Licensee shall affix Licensee's Authorized Brand(s) to each Licensed Article, its Packaging and Advertising Materials. It is acceptable for Licensee's Authorized Brand(s) to appear on the Official Label subject to prior written approval by CLC. Licensee shall obtain Official Labels from the supplier(s) authorized by CLC to provide those labels.
- (b) Licensee is responsible for affixing the Official Label to each Licensed Article, its Packaging and Advertising Materials. Licensee shall not provide Official Labels to any third party for any purpose whatsoever, without prior written approval by CLC.
- (c) Licensee agrees to defend, indemnify and hold harmless CLC, the Collegiate Institutions, and those Indemnified Parties set forth in Section 14(a) from all liability claims, costs or damages, including but not limited to any liability for the conversion or seizure of any of the Licensed Articles not containing the Official Label and/or Licensee's Authorized Brand(s) as required by this Section. This provision is in addition to and in no way limits Section 14.
- (d) Licensee's purchase and use of the Official Label is contingent upon the Licensee maintaining its rights under this Agreement. Upon termination or expiration of this Agreement, subject to those provisions of Section 17 regarding disposal of inventory, Licensee must return all Official Labels to CLC for destruction. Licensee agrees that there will be no financial reimbursement to the Licensee by CLC, its agents, employees, or business partners for any unused Official Labels.

12. NO JOINT VENTURE OR ENDORSEMENT OF LICENSEE

Nothing in this Agreement shall be construed to place the parties in the relationship of partners, joint venturers or agents, and Licensee shall have no power to obligate or bind CLC or any Collegiate Institution in any manner whatsoever. Neither CLC nor any Collegiate Institution is in any way a guarantor of the quality of any product produced by Licensee. Licensee shall neither state nor imply, directly or indirectly, that the Licensee or its activities, other than under this license, are supported, endorsed or sponsored by CLC or by any Collegiate Institution and, upon the direction of CLC, shall issue express disclaimers to that effect.

13. REPRESENTATIONS

Licensee represents, warrants and agrees that the Licensed Articles, Packaging, Advertising Materials and/or designs shall (i) be of good quality in design, material and workmanship and suitable for their intended purpose, (ii) not cause harm when used with ordinary care, and (iii) not infringe or violate the rights of any third party. Licensee further represents, warrants and agrees that all work on and contribution to the Works shall be by bona fide "employees" of Licensee working "within the scope of employment" as those terms are used in 17 U.S.C. § 101, et. seq. Each party represents and warrants that it has the right and authority to enter into and perform under this Agreement.

14. INDEMNIFICATION AND INSURANCE

- (a) Licensee is solely responsible for, and will defend, indemnify and hold harmless CLC, the Collegiate Institutions, and their respective officers, agents, and employees (collectively "Indemnified Parties") from any claims, demands, causes of action or damages, including reasonable attorney's fees, arising out of (i) any unauthorized use of or infringement of any patent, copyright, trademark or other proprietary right of a third party by Licensee in connection with the Licensed Articles, Packaging, Advertising Materials and/or designs covered by this Agreement, (ii) defects or alleged defects or deficiencies in said Licensed Articles, Packaging, Advertising Materials and/or designs or the use thereof, (iii) false advertising, fraud, misrepresentation or other claims related to the Licensed Articles, Packaging, Advertising Materials and/or designs not involving a claim of right to the Licensed Indicia, (iv) the unauthorized use of the Licensed Indicia or any breach or alleged breach by Licensee of any of its representations, warranties, covenants or obligations contained in this Agreement, (v) libel or slander against, or invasion of the right of privacy, publicity or property of, or violation or misappropriation of any other right of any third party, and/or (vi) agreements or alleged agreements made or entered into by Licensee to effectuate the terms of this Agreement. The indemnifications hereunder shall survive the expiration or termination of this Agreement.
- Prior to the first sale or distribution of any Licensed Article, or use of the Licensed Indicia, Licensee shall obtain from an insurance carrier having a rating of at least A-7 by the A.M. Best & Co. or other rating satisfactory to CLC, and thereafter maintain, Commercial General Liability insurance, including product, advertising and contractual liability insurance. Such insurance policy shall not be canceled or materially changed in form without at least thirty (30) days written notice to CLC. Prior to the first sale or distribution of any Licensed Article, or use of the Licensed Indicia, Licensee shall furnish CLC a certificate of such insurance and endorsements in the form prescribed by CLC. Licensee agrees that such insurance policy or policies shall provide coverage of one million dollars (\$1,000,000) for personal and advertising injury, bodily injury and property damage arising out of each occurrence, or Licensee's standard insurance policy limits, whichever is greater. However, recognizing that the aforesaid amounts may be inappropriate with regard to specific classes of goods, it is contemplated that CLC may require reasonable adjustment to the foregoing amounts. Any adjustment must be confirmed in writing by CLC.

15. RECORDS AND RIGHT TO AUDIT

(a) Licensee shall keep, maintain and preserve at its principal place of business during the Term, any renewal periods and at least three (3) years following termination or expiration, complete and accurate books, accounts, records and other materials covering all transactions related to this Agreement in a manner such that the information contained in the statements referred to in Section 7 can be readily determined including, without limitation, customer records, invoices, correspondence and banking, financial and other records in Licensee's possession or under its control. CLC and/or its authorized representatives shall have the right to inspect and audit all materials related to this Agreement regarding any Collegiate Institution represented by CLC, which right to inspect and audit shall include the conduct of normal audit tests of additional Licensee

records including those covering "non-licensed" sales to verify that they are not sales covered by this Agreement. In addition to the materials required by normal accounting practices, Licensee must retain detail of Licensed Article sales to the invoice number level for audit purposes, and invoices must indicate the Collegiate Institution name beside each Licensed Article. Licensee will provide CLC and/or its authorized representatives the above-referenced invoice detail information in an Excel CD-ROM or disk format.

- (b) Such materials shall be available for inspection and audit (including photocopying) at any time during the Term, any renewal periods and at least three (3) years following termination or expiration during reasonable business hours and upon at least five (5) days notice by CLC and/or its representatives. Licensee will cooperate and will not cause or permit any interference with CLC and/or its representatives in the performance of their duties of inspection and audit. CLC and/or its representatives shall have free and full access to said materials for inspection and audit purposes. Licensee shall pay CLC the amount of any additional costs beyond the cost of the originally scheduled audit incurred by CLC (i) due to a change in a scheduled audit date, which change is made at Licensee's request and approved by CLC, or (ii) if Licensee's books and records are not organized and/or available for audit.
- (c) Following the conduct of the audit, Licensee shall take immediate steps to timely resolve all issues raised therein, including payment of any monies owing and due. Should an audit indicate either (i) an underpayment of five percent (5%) or more, or (ii) an underpayment of \$5,000 or more, of the monies due CLC, the cost of the audit shall be paid by Licensee. Payment of any audit costs is in addition to the full amount of any underpayment including late payment charges as provided in Section 7(b). Without prejudice to the rights set forth in Section 16 below, Licensee must cure any contract breaches discovered during the audit, provide amended reports if required, and submit the amount of any underpayment including late payment charges and, if applicable, the cost of the audit and/or cancellation fees within fifteen (15) days from the date Licensee is notified of the audit result.

16. DEFAULT; CORRECTIVE ACTIONS; TERMINATION

Section 11, etc.), then CLC and the Collegiate Institutions shall be entitled to receive compensation for damages in an amount to be determined by CLC in consultation with the Collegiate Institutions. The amount of such compensation payable pursuant to this provision shall not be less than an amount equivalent to the greater of the Advance Payment or \$100, per occurrence, for each affected Collegiate Institution; provided, however, that nothing contained herein shall limit CLC's or the Collegiate Institutions' rights under this Agreement, in law, in equity or otherwise, including, without limitation, the amount of damages CLC or the Collegiate Institutions may be entitled to. If damages are assessed against the Licensee pursuant to this provision, then Licensee's ability to continue to operate under this Agreement shall be contingent upon payment of such damages in the time allowed by CLC and the Collegiate Institutions.

- (b) In addition to the right to require corrective action for default as set forth in Section 16(a), CLC and the individual Collegiate Institutions shall have the right to terminate this Agreement without prejudice to any other rights under this Agreement, in law, in equity or otherwise, upon written notice to Licensee at any time should any of the following occur, which shall also be deemed defaults under the Agreement:

Certain Collegiate Institutions have directed CLC to implement the Code of Conduct requirements as described in this Agreement as an institutional policy and requirement, as provided in the License Agreement. Accordingly, Licensee shall comply with Code of Conduct requirements as directed by the respective Collegiate Institutions and as described in this Agreement in order to remain in compliance with the License Agreement. Licensee shall cooperate with CLC, the Collegiate Institutions and/or their agents or representatives in periodic inspections of Licensee's factory sites to ensure that Licensee is in compliance with such Code of Conduct requirements. Licensee agrees to document the nature and extent of all activities that it undertakes to ensure its compliance with the Code of Conduct. Licensee will promptly notify Collegiate Institutions and CLC of findings by Licensee or allegations by third parties that constitute Licensee's non-compliance with the Code of Conduct. In addition, the Collegiate Institutions and CLC may request information at any time during the term of the Licensee Agreement concerning the Licensee's monitoring of its compliance with the Code of Conduct. Licensee will forward all requested information to the Collegiate Institution and CLC in a timely manner at the Licensee's expense. Information received shall be treated as confidential, subject to the applicable legal limits of confidentiality as well as applicable open records laws.

2. CURRENT CODE OF CONDUCT REQUIREMENTS

Certain Collegiate Institutions have adopted Code of Conduct requirements. Those requirements are set forth on the attached Schedules and Riders. Licensee's failure to comply with Code of Conduct requirements for a Collegiate Institution shall be considered a breach of the License Agreement regarding the applicable Collegiate Institution.

3. ADDITIONS / MODIFICATIONS OF CODE OF CONDUCT REQUIREMENTS

Additional Collegiate Institutions may from time to time implement Code of Conduct requirements, and Collegiate Institutions may from time to time modify their Code of Conduct requirements. CLC shall give Licensee reasonable written notice of any changes in Code of Conduct requirements. Licensee, upon receipt of the notice, shall be responsible for complying with the new Code of Conduct requirements.

4. **TERM**

This Agreement shall begin effect on the last date of signature below and shall terminate upon the termination, revocation, cancellation or expiration of the rights granted Licensee under the License Agreement with respect to affected Collegiate Institution(s). Any renewal(s) of said License Agreement shall constitute renewal of this Agreement.

5. **SEVERABILITY**

The determination that any provision of this Agreement is invalid or unenforceable shall not invalidate this Agreement, and the remainder of this Agreement shall be valid and enforceable to the fullest extent permitted by law.

6. NO WAIVER, MODIFICATION, ETC.

This Agreement, including attachments, constitutes the entire agreement and understanding between the parties and cancels, terminates, and supersedes any prior agreement or understanding relating to the subject matter hereof between Licensee, CLC and Collegiate Institutions. There are no representations, promises, agreements, warranties, covenants or understandings other than those contained herein. None of the provisions of this Agreement may be waived or modified, except expressly in writing signed by both parties. However, failure of either party to require the performance of any term in this Agreement or the waiver by either party of any breach shall not prevent subsequent enforcement of such term nor be deemed a waiver of any subsequent breach.

7. MISCELLANEOUS

When necessary for appropriate meaning, a plural shall be deemed to be the singular and singular shall be deemed to be the plural. The attached schedules are an integral part of this Agreement. Paragraph headings are for convenience only and shall not add to or detract from any of the terms or provisins of this Agreement.

Workplace Code Standards Schedule I

I. Collegiate institutions represented by CLC ("Collegiate Institutions") are each committed to conducting their business affairs in a socially responsible and ethical manner consistent with their respective educational, research and/or service missions, and to protecting and preserving the global environment. While CLC and the Collegiate Institutions believe that Licensee shares this commitment, certain Collegiate Institutions have adopted the following Workplace Code Standards (the "Code") which requires that all Licensees, at a minimum, adhere to the principles set forth in the Code.

Throughout the Code the term "Licensee" shall include all persons or entities which have entered into a written "License Agreement" with CLC to manufacture "Licensed Articles" (as that term is defined in the License Agreement) bearing the names, trademarks and/or images of one or more Collegiate Institutions. The term "Licensee" shall for purposes of the Code, and unless otherwise specified in the Code, encompass all of Licensee' contractors, subcontractors or manufacturers which produce, assemble or package finished Licensed Articles for the consumer.

- II. Standards: Licensee agrees to operate work places and contract with companies whose work places adhere to the standards and practices described below. CLC and the Collegiate Institutions prefer that Licensee exceeds these standards.
 - A. Legal Compliance: Licensee must comply with all applicable legal requirements of the country (ies) of manufacture in conducting business related to or involving the production or sale of Licensed Articles. Where there are differences or conflicts with the Code and the laws of the country (ies) of manufacture, the higher standard shall prevail, subject to the following considerations. In countries where law or practice conflicts with these workplace standards, Licensee agrees to consult with governmental, human rights, labor and business organizations and to take effective actions as evaluated by CLC, the applicable Collegiate Institution(s) or their designee, and the applicable Licensee(s) to achieve the maximum possible compliance with each of these standards. Licensee further agrees to refrain from any actions that would diminish the protections of these labor standards.
 - B. Employment Standards: Licensee shall comply with the following standards:
 - 1. Wages and Benefits: Licensee recognizes that wages are essential to meeting employees' basic needs. Licensee shall pay employees, as a floor, at least the minimum wage required by local law or the local prevailing industry wage, whichever is higher, and shall provide legally mandated benefits.¹
 - 2. Working Hours: Except in extraordinary business circumstances, hourly and/or quota-based wage employees shall (i) not be required to work more than the lesser of (a) 48 hours per week and 12 hours overtime or (b) the limits on regular and overtime hours allowed by the law of the country of manufacture or, where the laws of such country do not limit the hours of work, the regular work week in such country plus 12 hours overtime; and (ii) be entitled to at least one day off in every seven day period.

¹CLC and the Collegiate Institutions will continue to monitor these issues and will promote studies that examine conditions and factors related to minimum and prevailing wages and employees' basic needs.

- 3. Overtime Compensation: In addition to their compensation for regular hours of work, hourly and/or quota-based wage employees shall be compensated for overtime hours at such a premium rate as is legally required in the country of manufacture or, in those countries where such laws do not exist, at a rate at least equal to their regular hourly compensation rate.
- 4. Child Labor: Licensee shall not employ any person at an age younger than 15 (or 14, where, consistent with International Labor Organization practices for developing countries, the law of the country of manufacture allows such exception). Where the age for completing compulsory education is higher than the standard for the minimum age of employment stated above, the higher age for completing compulsory education shall apply to this section. Licensee agrees to consult with governmental, human rights and nongovernmental organizations, and to take reasonable steps as evaluated by CLC, the applicable Collegiate Institution(s) or their designee, and the applicable Licensee(s) to minimize the negative impact on children released from employment as a result of implementation or enforcement of the Code.
- 5. Forced Labor: There shall not be any use of forced prison labor, indentured labor, bonded labor or other forced labor.
- 6. Health and Safety: Licensee shall provide a safe and healthy working environment to prevent accidents and injury to health arising out of, linked with, or occurring in the course of work or as a result of the operation of Licensee facilities.
- 7. Nondiscrimination: No person shall be subject to any discrimination in employment, including hiring, salary, benefits, advancement, discipline, termination or retirement, on the basis of gender, race, religion, age, disability, sexual orientation, nationality, political opinion, or social or ethnic origin.
- 8. Harassment or Abuse: Every employee shall be treated with dignity and respect. No employee shall be subject to any physical, sexual, psychological or verbal harassment or abuse. Licensee will not use or tolerate any form of corporal punishment.
- 9. Freedom of Association and Collective Bargaining: Licensee shall recognize and respect the right of employees to freedom of association and collective bargaining.
- C. Environmental Sustainability: Licensee shall adopt responsible measures to mitigate negative impacts that the workplace has on the environment.

PROGRAM HIGHLIGHTS

- The University of Central Florida licensing program generated \$512,160.39 in gross royalties during the 2013-14 fiscal year, which represented an increase of \$25,891.93, or 5%, when compared to last fiscal year.
- This figure represents the largest royalty collection in the history of the UCF licensing program. This also marks the first time in the history of the UCF licensing program that royalties have surpassed the \$500,000 mark.
- UCF ranked 59th among CLC's 160+ colleges and universities.
- During the year, CLC staff members traveled to Orlando to conduct a campus presentation for the University's Licensing Committee. The presentation provided us with the opportunity to discuss our past efforts, current marketplace presence, and future plans to ensure the growth of the UCF licensing program.
- The University continued to manage its licensing program strategically by applying PCM-driven philosophies to the headwear product category.
- CLC also assisted in the development of the Clash of I-4 game day rivalry program.
- UCF's royalties were bolstered by a strong performance from JanSport. For the fiscal year, JanSport was one
 of UCF's top overall licensees, reporting \$21,262.34 in royalties, an increase of 75%.
- The women's apparel product category continued to thrive for UCF with exemplary royalty growth from top licensees, including Nike, Box Seat Clothing Company, Blue 84, Under Armour and most notably, PINK by Limited Brands.
- Finally, CLC worked with UCF to finalize a 1-year extension to our Agency Agreement during the fiscal year. UCF has been a valuable partner, and we look forward to working with you for many years to come.

Victoria's Secret PINK Collegiate Collection (PCC) will re-launch this summer with a renewed focus on college which includes an expansion of schools offered, presence in-stores and online, and deeper product PINK will be tapping into its strong social media following, utilizing window displays, and incorporating the PCC into its catalog distribution to market the program. Additionally, an extension proposal will be forthcoming from the PINK team in the near future to extend its current agreement for the next several years. PINK continues to be a leader in bringing trend-right young women's apparel to the collegiate segment of the retail marketplace and paid a \$11,000.00 guarantee to the UCF licensing program during the past fiscal year. For fall 2014, UCF is slated to be available at the following locations:

> **Altamonte** Volusia Seminole T.C. Marketplace @ Oviedo Winter Garden Village **Waterford Lakes** Florida **Merritt Square** The Mall at Millenia

Nike by BCS

Nike by Branded Custom Sportswear (BCS) continued to be a valuable partner for the collegiate segment of the retail market, reporting \$36,330.30 in royalties for the UCF licensing program during the past fiscal year. BCS specializes in meeting the needs of its retail accounts through its ability to provide lower minimum orders and its quick-turn capabilities, which are particularly successful during hot market opportunities. They continue to expand their product line where it makes sense while also obtaining additional rights from Nike to pursue long-tail opportunities for additional sports or segments of the market.

adidas

During the past fiscal year, adidas generated \$3,830.02 for UCF. This is a decrease of 29% when compared to last fiscal year. Overall, adidas' collegiate business is down and the company attributes the decline to the reshuffling of schools within its portfolio. However, adidas is still seeing overall growth within authentic, fan, and lifestyle product categories, as well as at some national and local retail accounts. With new & renegotiated rights, brand initiatives, and a re-focused product assortment all on the horizon, adidas fully expects to see growth within its college business moving forward.

Knights Apparel

Knights Apparel remains a top apparel licensee for UCF and reported royalties of \$33,209.17 for your institution during the past fiscal year. This coming year, the Russell/Walmart program will be a major driver of growth for Knights as it will take the place of the NCAA Blue Disc program. In addition, Knights anticipates strong growth at Costco due to a new collegiate road show program as well as growth within most of its other mass and mid-tier/better retail accounts. Overall, Knights is projecting growth in excess of 25% for its business for the 2014 year. which is very encouraging.

Colosseum Athletics

During the past fiscal year, Colosseum renewed its focus on "college" and secured 73 retail accounts, with Fanatics, Kohl's, and Finish Line being their top partners. Additionally, they have created a new 48-piece minimum program that retailers are very excited about because it enables them to make smaller order commitments and chase hot market opportunities. A new women's activewear line, which includes fashion forward racer back tanks, bralettes, yoga pants, and leggings, along with youth apparel, are driving Colosseum's business. Colosseum generated \$8,806.88 for the University of Central Florida licensing program during the past fiscal year.

Columbia By Outdoor Custom Sportswear

During the past fiscal year, Outdoor Custom Sportswear took over the business for Columbia to supply their high quality garments to institutions that require availability of lower minimums. The ability of OCS to focus Columbia-branded outerwear to institutions outside of the top 30 will lead to future growth in this product category. During the past fiscal year, Columbia by Outdoor Custom Sportswear generated \$3,628.35 for the UCF licensing program

Macy's

Macy's, Inc. and LIDS Sports Group announced that they have signed an agreement for Lids to manage licensed team merchandise departments in Macy's stores nationwide and online, under the name Locker Room by Lids. UCF will be included in Macy's initial launch. Specifically, UCF will be featured in 2 locations in the Central Florida area.

NCAA Football 2014

Marking the 21st year of the franchise, EA's NCAA Football 2014 launched on July 10, 2013. As expected, royalties for the game were down 16% overall for several reasons. This was the final year of the third generation of hardware (PS3 and Xbox 360) and consumers began investing in the next generation of consoles. Additionally, sales challenges were compounded by the announcement that EA would not produce a 2015 game and the company chose to put its holiday marketing dollars towards other franchises. UCF received \$50,137.32 in royalties this past fiscal year from EA, which represented a decrease of 23% versus 2012-13.

Wincraft

Overall, Wincraft experienced growth this past fiscal year and appears poised to have its best year ever in 2014-15. Much of the 2013-14 growth was led by top retailers such as Walmart, Fanatics, Target, and Amazon. Wincraft saw solid growth in core items such as lanyards, pennants, and welcome mats, as well as from new products such as perfect-cut decals, can coolers, and key straps. During the past fiscal year, Wincraft reported \$4,265.48 in royalties for the UCF licensing program.

Tervis Tumbler Company

Tervis continues to lead the housewares category by a significant margin. Highlights from the year included a new drinkware program exclusive to Bed, Bath and Beyond, which accounts for 40% of Tervis' collegiate sales, expanded collegiate assortments with Academy, Belk, BonTon and Meijer, and a front-of-store holiday program with Academy. The company continues to open Tervis retail stores across the country and college is wellrepresented in these stores. During the past fiscal year, Tervis reported \$15,215.22 in royalties for the UCF licensing program.

Cracker Barrel Internal Sales Promotion

CLC again partnered with Cracker Barrel on an internal incentive sales contest during the back-to-school season that was very successful in driving sales. In your market, four Cracker Barrel stores participated by designating college merchandise as its "key item" during the first two weeks of September, which resulted in UCF product being moved into high-traffic/high visibility areas on the sales floor. The store in each participating market that had the largest percentage increase in sales of its collegiate inventory during the first two weeks of September won a pair of tickets to a home football game. Overall, Cracker Barrel saw an increase of 8.92% in sales of collegiate merchandise for the institutions that participated.

CLC worked with UCF to ensure retailers capitalized on the "Gold Rush" and "Black Out" games by designing and producing signs that drew attention to product in stores.

CLC worked with UCF to ensure retailers capitalized on the University's participation in the Fiesta Bowl by designing and producing signs that drew attention to product in stores.

BRAND DEVELOPMENT - MARKETING (LOCAL)

Operation Hat Trick

During the past fiscal year, UCF participated in the Operation Hat Trick (OHT) program, which has a mission to support the recovery, education, and future employment of injured U.S. service men and women. As a result of the University's participation, \$845.52 was generated for the UCF licensing program and OHT during the fiscal year. The program's primary licensee, '47 Brand/Twins, increased its product offering for OHT during the year, which led to further growth. This fiscal year, Fanatics partnered with CLC to develop its official Operation Hat Trick online retail store. This landing page includes OHT headwear and apparel styles for nearly 70 institutions, including UCF.

BRAND DEVELOPMENT - MARKETING (LOCAL)

I-4 Corridor Clash

In an effort to create incremental revenue for the University CLC partnered with licensees and local retailers to develop and promote the I-4 Corridor Clash rivalry program.

Walmart

Put On Your Saturday Best

Put On Your Saturday Best was supported exclusively in over 2,000 Walmart locations in 2013. This was the single largest retail initiative that CLC has ever conducted and was in-store throughout the 2013 college football season. Additionally, college product was highlighted for the first time in the men's activewear section of Walmart.com.

Walmart partnered with CLC and key licensees to include UCF in its back to school in store marketing program. The East Colonial Walmart location featured UCF product in their Team Valley Store section. UCF will also be included in Walmart's Fall 2014 back to school in-store marketing initiative.

The Saturday Ritual

- CLC and Dick's Sporting Goods executed the second year of The Saturday Ritual program in 2013. UCF-specific Saturday Ritual signs were placed in more than 450 Dick's Sporting Goods locations across the country. This was the first in-store national marketing campaign for college at Dick's Sporting Goods, and the retailer's college business for Fall 2013 was up 24% year over year. Support from Dick's Sporting Goods included a full page ad in ESPN The Magazine, promotion on all customer receipts, and targeted emails to their customers.
- CLC and Dick's Sporting Goods also partnered on a digital ad campaign that ran across a variety of networks targeting college fans and driving them to SaturdayRitual.com to engage them in the consumer sweepstakes and promote the sale of college product on dickssportinggoods.com. UCF will be included in the Fall 2014 Saturday Ritual program, where one Dick's Sporting Goods location will feature UCF-specific signage.

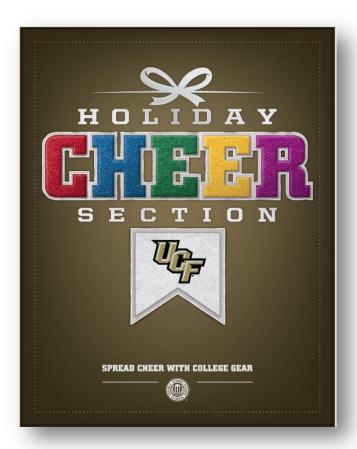

Holiday Cheer Section

- CLC executed the Holiday Cheer Section campaign in more than 3,000 retail locations including Lids, Costco, and State Stores.
- CLC partnered with '47 brand to execute an in-store signage campaign at more than 1,000 Lids locations.
- CLC developed an online platform that allowed college fans to submit institution-specific e-Cards to their friends and family. This resulted in more than 105,000 visits to the platform.

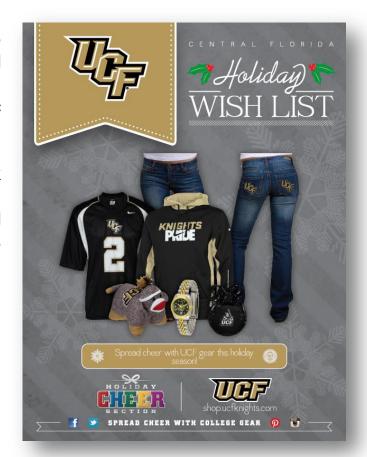

Holiday Cheer Section

- CLC created Holiday Wish Lists, which were interactive shoppable graphics, for each Collegiate Marketing Fund institution. These graphics were designed to be shared through all digital mediums available on each campus to drive traffic directly to the university's official retail partner's website.
- Social media ads were funnelled through Twitter and Facebook to target the fans of Collegiate Marketing Fund institutions. These ads generated 37,364 unique clicks to the e-card application and easily exceeded the average click-through rates for both ad types.

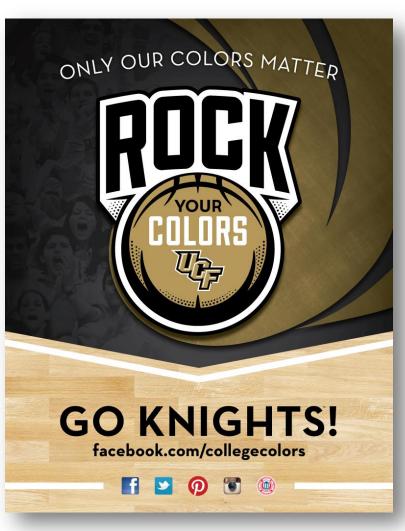

Holiday Cheer Section

CLC partnered with Fanatics to integrate the Holiday Cheer Section brand in all bowl and conference championship online marketing.

Rock Your Colors

- 2014 was the second year of the new look for the annual in-season college basketball marketing campaign, Rock Your Colors.
- Rock Your Colors marketing collateral was supported by national retailers including Stage, Lids, Pro Image, The Paradies Shops, and Walmart to highlight their assortment of collegiate merchandise during January, February, and March.
- CLC also partnered with athletic departments and UCF's IMG multimedia rights staff for Collegiate Marketing Fund institutions to take the Rock Your Colors experience to fans and consumers through athletic department website banner ads and marketing through athletic department social media.
- The third annual Naismith Student Section of the Year Award saw the addition of Twitter as a method of voting to increase unique users of the campaign. More than 250 institutions competed in the contest, which was an increase of over 80 institutions from 2013.

BRAND PROTECTION

A total of \$5,207.39 was recovered for the UCF Licensing Program as a result of 125 audits conducted by the CLC auditing team during the fiscal year. Large collections were recovered for UCF from Herff Jones and Jardine Associates.

BRAND MANAGEMENT

- During the fourth quarter of 2013, CLC launched the MyiCLC Mobile App. The app enables licensing directors with smartphones and tablets to be more flexible about when and where they manage their licensing programs.
- CLC developed an addendum to the Internal Campus Supplier (ICS) License Agreement that allows for ICS companies to report royalties on a quarterly basis. Previously, CLC's systems would not accommodate an ICS licensee to fulfill royalty-bearing orders. As a result, the licensee was required to transition to a local or standard license.
- CLC developed and hosted two Licensee Training Camps over the past fiscal year. These trainings provide the opportunity for standard licensees to come to CLC's offices to learn more about the college market and how to better utilize CLC's resources to manage their licensing program. There are two additional sessions planned for 2014.

MOVING FORWARD

To achieve the desired goals for the University of Central Florida licensing program, CLC will be scheduling time in the near future to discuss this report and review/establish operating objectives for the next year. Several planned initiatives include:

- Conduct an independent analysis of UCF's fiscal architecture to ensure that the current royalty rate, advance fees, and MR/Us reflect the University's brand value.
- In an effort to create incremental revenue for the University, CLC will work with licensees and local retailers to develop and promote the Croke Park Classic game day rivalry program.
- Develop a UCF retailer program that recognizes and rewards retailers that carry exclusively licensed product.
- CLC will work with UCF to enhance its College Vault art sheet by identifying additional marks and verbiage that could be added and protected.
- Utilize CLC's retail intelligence data to identify growth opportunities to increase the presence of UCF merchandise in the better department, department, specialty mid-tier, and specialty mass channels, by introducing or increasing UCF's product assortment at Ace Hardware, Home Depot, Stein Mart, Dillard's, and Kmart.
- Partner with new and existing licensees to identify voids and opportunities within the outerwear, youth apparel, domestics, footwear, and sports equipment product categories.
- Partner with existing headwear partners to expand product breadth with new and unique headwear styles for UCF.

2013-2014 CLC Retail Meetings

Below is a list of retailers CLC met with during the past year. CLC met with some of the retailers listed on several occasions during this timeframe. In addition to these face-to-face meetings, CLC also conducted numerous conference calls and weekly correspondence via email with these retailers and many others. CLC also hosted key retail clients at major events such as the Final Four and the BCS Championship Game to cultivate retail relationships. All of this activity and cultivation is at no cost to our clients.

Please note that our retail partners appreciate the confidentiality we allow them by not providing their contact information to every licensee in our system. As such, since this response is subject to open records requests, we have listed the title of the contact involved in the meeting, but are withholding the names. We are happy to discuss any or all of these with the University verbally upon request.
