

Better Fleets Start Here

Managing and controlling fleet vehicle operating costs is never easy. Hundreds of transactions can take place over a vehicle's lifecycle. When you factor in fuel, maintenance, and administrative costs - including acquisition, lease options, registration, disposal, payment, and billing - it can be quite a drain on time and resources.

Our competitively solicited contract with [Enterprise Fleet Management](#) provides in-depth, cost-effective management, analysis and solutions to help ease the burden and ensure your fleet program is running efficiently and on track to reduce overall operating expenses.

When you partner with Enterprise Fleet Management, it's like gaining a full-time fleet manager-without adding to your payroll.

Contract Highlights:

- Vehicle Services - acquisition, registration, maintenance and disposal
- Lease Options - open-ended and end-of-lease
- Analysis - cycling and fleet replacement
- Reporting - out of warranty and maintenance reports
- Account management with a dedicated local account team

For detailed information on this competitively solicited contract, please visit www.eandi.org. You may also contact your [E&I Member Relations Executive](#) or Paul Harris, *Business Development Manager, Athletics, Culinary & Travel*, at pharris@eandi.org.

This agreement is the result of E&I's RFP#683311 for fleet leasing services.
