REVISED BID SHEET

The revised bid sheet replaces the original bid sheet listed in ITB2021-05MCA. Vendor is to submit this bid sheet with their offer. Failure to do so may result in rejection of your offer.

PERCENTAGE DISCOUNT OFF MANUFACTURER'S SUGGESTED RETAIL PRICE (MSRP)

As technology changes, the agreement resulting from this ITB will include any and all new products added to the manufacturers' product line during the life of the agreement. Vendors are requested to submit bids identifying discounts off of the Manufacturers' Suggested Retail Prices (MSRP) unless noted below as, "Discount from Advertised Price". This relates to the Crestron lot.

This may include current technology not on identified in the bid, and any future technology that comes to market over the duration of the initial term of this contract. Bid Sheet is to be submitted with this ITB document. Winners of each manufacturer will be required to provide the latest and most up to date manufacturer's catalog (digital copy preferred if possible) in order for the discount percentage to be accurately represented. Equipment and Accessories are to be shipped directly from the manufacturer or distributor.

DISCOUNTED PERCENTAGE RATE BY MANUFACTURER LOT
