1. In going over the bid addendum, I have two questions on the Sony section.

Display/ Television. Commercial displays are not issue. However, Televisions. These are now consumer items. Sony Pro Display is no longer offering any sets with tuners. Are you aware of this?

We are aware of this. We are only looking for commercial displays.

2. Also, you list cameras. Do you mean PTZ cameras? Studio Cameras, Commercial Camcorders, Digital cameras for photography and video? They all have different price structures.

We are referring to PTZ cameras.

3. The attachment labeled Addendum does not have Panasonic or its categories on the revised bid sheet,; however the other attachment labelled revised bid sheet DOES have it. I think it would be easy for bidders to use the addendum attachment, which is not correct.

Confirming that Panasonic should be included in this bid. Please use the "Revised Bid Sheet" when submitting your official bid. It can be downloaded from the Procurement Services website at <https://procurement.ucf.edu/solicitations/> under ITB 2023-12MCA.

4. We also noticed that Document Cameras has been listed two times in the Epson categories.

Document Cameras should only be listed once.
